Cr Alex Coates JP

Personal Statement:

I have been resident of Paralowie for 12 years and I am an active member of and a strong voice for our community.

As a local representative on council I have worked hard to deliver record investment in parks and sports reserves, responsible financial management delivering the 3rd lowest rates in SA while cutting internal costs and maintaining all staff as well as the Salisbury Urban Horticulture Centre with Paralowie R-12 School, retaining trackside parking at Salisbury Cycle Speedway and increasing opening hours and cleaning of the Salisbury Swimming Centre. I have also been instrumental in increasing services such as Hard Waste and improving our roads, footpaths and council facilities including air-conditioning upgrades for all community centres, libraries and recreation centres.

I will continue to fight for further investigations to provide a community bus and to supply Salisbury's Recycled Stormwater to local residents. I am also strongly advocating the upgrade and development of the Diment Road Precinct, streetscape and reserve renewal north of Diment Road and the re-invigoration of Lake Windermere. I will continue to deliver better footpaths, parks, community services and roads including Bolivar Road while lobbying for openness and accountability in local government. I will continue to advocate for the fairest rates for local residents as well as the introduction of appropriate regulation around wandering cats and smoking.
