Personal Statement:

I am a resident of Salisbury and was first elected to Council in 2006. My work as a Councillor, coupled with my previous experience as a volunteer at the Jack Young Centre and current employment with a local business in the City of Salisbury give me a unique insight into the needs of our community. I have taken a keen interest in lobbying for enhanced roads and footpaths, as well as continued water harvesting and improving local wetlands to provide a cleaner, greener environment for all to enjoy. I believe I have the passion and skills to continue promoting the City of Salisbury as a venue for business to invest and expand, providing employment opportunities for local residents. I believe with my experience, enthusiastic energy, and by continuing to make myself available to all residents, that I will ensure the Central Ward has the best possible representation.
