Personal Statement:

I live in Cobbler Circuit, Salisbury Heights and have for 11 years. I am married with 6 children. I work for a Salisbury business as a General Manager. I have obtained an economics degree. I have been your representative and advocate for 10 years. I feel that Salisbury is a great place. I want to improve the appearance of Salisbury and make it a visually better place. Our environment is special and I will continue to work for environmental sustainability. I would like to see the availability of the recycled water to all residents. I have worked hard on establishing hard waste collection. During my time as your representative I have fought hard for youth issues including a youth centre and I will continue to work hard to promote youth issues. Road safety is also an important issue for me.
