Personal Statement:

I'm a former nurse and resident of Para Hills for 15 years. Always been community minded, being awarded a Centenary Medal for volunteering for various organisations. Currently as a councillor, volunteer at the Paddocks Community Centre and Justice of the Peace I am in constant contact with residents. I think that it's important to be readily accessible, listen to resident's comments and take these as an essential part of decision making. I'm proud to be a Salisbury resident, passionate about protecting our heritage and environment. I'll continue to work on strengthening of control of graffiti vandals and hoon drivers and to make removal of nuisance trees easier. The Council already provides excellent services for the elderly as well as young people. I would like to see expanded training and self development programs for youth. We also need to provide strong assistance to sporting clubs and community groups. That is my vision for our wonderful city.
