## Personal Statement:

Salisbury is a city I know well and have a great passion for, having lived here for the last 44 years. I have been a member of Council for 22 years, Deputy Mayor for seven and Mayor for the last two years. It is a privilege to have been able to serve you and watch Salisbury develop into a prosperous, progressive and dynamic city with a strong sense of community pride. Council is leading the way in so many areas – quality affordable housing, water storage to drought-proof our region, developing a safe and vibrant city, building sustainability and quality of life for all Salisbury residents. Being an effective Mayor means more than just talking; it means taking the time to listen, to communicate and be accessible to you. I will continue to do that and help develop Salisbury as the place where you want to live.
