Personal Statement:

I will ensure council makes effective decisions which the community wants and needs, and strive to make Salisbury a great place to live, work and bring up a family.

I will endeavour to improve upon what we already enjoy in our great city. The City of Salisbury and its people are my priority, I am always available to listen to people's issues and concerns and I will help provide them with solutions.

As a mother of adult children and a grandmother, I understand the issues of employment, recreation, family support, education, transport and housing. These are some of the issues which need to be addressed for the community. I look forward to representing the people of the City of Salisbury.
