### Personal Statement:

I am a local resident and have been Councillor for West Ward since 2006. I have worked to deliver on commitments made including increasing expenditure of basic services like roads and footpaths, easier removal of nuisance trees and the introduction of hard waste collection. At the same time focussing on responsible financial management decisions and delivering a surplus budget. I will continue to work to make the removal of nuisance trees easier. I will also work to make streets safer by improving lighting, CCTV cameras at graffiti and hoon hotspots. I will continue to request a community bus and increase services for our elderly. I am a community minded individual who will continue to bring a vibrant and youthful voice to Council.
