Personal Statement:

I live and went to school locally and have a young family. I am aware of what is important to residents through being involved in the local community and Church. I will work to secure basic services like footpaths and better maintenance of roads. I will also ensure that all residents have a voice and that their concerns are actioned. I would also like to see more done to combat hoon drivers and other anti social behaviour including graffiti, illegal dumping and trail bike riding. I am pleased to support Para Ward Councillor Riccardo Zahra, and together we will fight for more resources in our area and to have Salisbury's Recycled Water Scheme piped to all residents for home use. I will also work with authorities to increase "Stranger Danger" in schools to protect our children.
