Prayer

Father in heaven
We thank you for the wondrous resources of our City, for its people, its environment and its
sense of community. We thank you for the opportunity to now deliberate over how best to
help our community. Please bless that we will respect one another and that we will all do our
best to make decisions that will help our community to grow and prosper. Bless our efforts
this day in God’s name. Amen.

Kaurna Acknowledgement

The City of Salisbury acknowledges that we are meeting on the traditional Country of the
Kaurna people of the Adelaide Plains and pays respect to Elders past and present. We
recognise and respect their cultural heritage, beliefs and relationship with the land. We
acknowledge that they are of continuing importance to the Kaurna people living.

<td><strong>SUMMARY:</strong></td>
<td>The SA Disability Inclusion Act 2018 requires all Councils to develop Disability Access and Inclusion Plans (DAIP) every 4 years in consultation with people with disability. The first plan is to be published by 31st October 2020. The Inclusion Project Officer and his counterpart at the City of Adelaide propose a project (see attached) to coordinate a response across the Local Government sector. This will benefit all Councils and their communities. Council can support this project by requesting the Greater Adelaide Region of Councils to recommend that the Local Government Association allocate staff time to this project. The project is dependent on funding from the March 2019 internal round of the LGA Research and Development Scheme. It will also be assisted by a $5,000 contribution from up to 8 Councils which choose to join the Project Reference Group.</td>
</tr>
<tr>
<td><strong>COMMITTEE RECOMMENDATIONS:</strong></td>
<td>1. The Mayor, through the Greater Adelaide Region of Councils, requests the Local Government Association Board to support and resource the Disability Access and Inclusion Plan Project. 2. Staff apply for an internal LGA Research and Development Scheme grant for the Disability Access and Inclusion Plan Project in collaboration with other members of the Greater Adelaide Region of Councils. 3. Council endorse the preparation of a 4th Quarter budget bid for $5000 to support the project, pending success of the LGA grant application.</td>

**Item No. 1.3.1**  
Salisbury Community Hub - Civic Square Placemaking Lighting and Cemetery Upgrade  

**SUMMARY:**  
The Salisbury Community Hub is a significant strategic project that will redefine how we provide services and interact with our community while also contributing towards the delivery of Council’s endorsed Salisbury City Centre renewal agenda.

As reported in December 2017 (Item 1.3.2, Policy and Planning, 11/12/2017) a list of additional ideas for the Civic Square, outside the Hansen Yuncken contract scope of works, was identified by Elected Members and community feedback to further improve the major event capacity and evening activation in the Civic Square. A budget allocation was retained for potential future Civic Square works as part of Council’s consideration of budgeted works (Item GB6.1 Confidential, Council, 28/05/2018).

As a result, Council set aside approximately $234k of the Civic Square additional funds as a provisional sum budget for the delivery of feature placemaking lighting to the Civic Square. The release of the funds was subject to completion of a concept by specialist lighting design consultants NDY Light incorporating the associated cost estimates to demonstrate the scope is within the assigned Provisional Sum. The completed report is provided to Council as Attachment 1 for endorsement to finalise the project as a variation to the Hansen Yuncken contract within the allocated reserve budget allocation. Council endorsement is required on the placemaking lighting concept by the end of February 2019, to ensure detailed design and light fixture procurement can occur for delivery by Hansen Yuncken as part of the Principal Building Works by the project Practical Completion date.

Following Elected Member feedback and complementary to the placemaking lighting design, the administration has considered potential upgrades and improved maintenance opportunities for the Methodist Cemetery that sits immediately adjacent to the Salisbury Community Hub and Civic Square. This heritage cemetery is not owned by Council. Preliminary consultation has occurred with the land owner representatives including the Salisbury Uniting Church Minister and representative of the Uniting Church Head Office and a scope of works is included in this report for discussion. Subject to Council endorsement the administration can prepare a budget bid for Council consideration to undertake Phase 1 of works ahead of the opening of the Salisbury Community Hub in late 2019 as part of Budget 2019/20.

<th>Item No. 1.3.2 Mawson Lakes Indented Car Parking Bays and Trader Car Parking</th>
</tr>
</thead>
<tbody>
<tr>
<td>SUMMARY: Car parking provision has been a concern in the Mawson Lakes area, particularly for customer parking around the Interchange area. Commuter car parking has been overflowing into the areas around the Interchange which has been impacting on availability of the on-street parking. Additional time controls around the Interchange have been imposed, and the Parafield Station car park has been improved and increased in capacity by DPTI which will result in a transfer of commuters away from the Mawson Lakes Interchange. An investigation into indented car parking bays has been requested as a solution to provide additional parking and overcome movement conflicts. Indentation is an expensive hard pave solution that does not increase the number of spaces in the street, but may overcome movement issues. The application of designated verge parking allowances is considered to be a suitable solution on a case by case basis.</td>

5.2 Works and Services Committee - Recommendations for Council Ratification

AUTHOR Joy Rowett, Governance Coordinator, CEO and Governance

APPROVING OFFICER Chief Executive Officer

SUMMARY
The Works and Services Committee met on 18 February 2019 to consider 14 items on its Agenda. The Works and Services Committee agenda and reports were distributed to all Elected Members and made available to the public prior to the Committee meeting.

The recommendations of the Committee, together with 2 other business items, are provided in this report to Council. The corresponding Executive Summary of each report to the Committee is also provided as a prompt.

The Council may wish to adopt all the Committee recommendations by way of a single resolution, having given due consideration to each matter, OR, Elected Members may identify individual items/s to be withdrawn for separate discussion and resolution by Council.

A draft recommendation has been provided for each approach and is subject to the will of the Council meeting.

RECOMMENDATION
1. That Council adopt the recommendations of the Works and Services Committee meeting on 18 February 2019, contained in the report to Council (Item No. 5.2 on the agenda for the Council meeting held on 25 February 2019), and listed below:

2.0.1 Future Reports for the Works and Services Committee
1. The information be received.

2.0.2 Road naming at Waterloo Corner
1. That pursuant to Section 219 (1) of the Local Government Act 1999, the section of:
   a. Anjanto Road between Port Wakefield Road and the Northern Connector be renamed Davey Road;
   b. St Kilda Road between Port Wakefield Road and the Northern Connector be renamed Dunn Road;
   c. Undo Road between the Northern Connector and Robinson Road be renamed Driver Road;
   d. Summer Road between the Northern Connector and Robinson Road be renamed Robinson Road;

as shown in the plans forming Attachment 2 to this report (Item No. 2.0.2, Works and Services Committee, 18/02/2019), and that the necessary statutory notifications take place.

2. Owners and occupiers be advised of the new road names and property numbers together with the checklist of notification of change of address as provided as Attachment 5 to this report (Item No. 2.0.2, Works and Services Committee, 18/02/2019).
3. Staff write to the Department of Transport, Planning and Infrastructure requesting:
   a. Additional “St Kilda Attractions” signs be placed on the eastern side of Pt Wakefield Road, the exit from the Northern Connector to St Kilda and at the Northern Interchange.
   b. Directional signage for St Kilda Township being placed at the intersection of St Kilda Road and Robinson Road.
   c. Signage at the Northern Interchange clearly identifies the exit for Salisbury.

2.4.1 Netball Courts
1. Council notes the attached information.
3. A new initiative bid be submitted in the 2019/2020 budget consideration for $157,000 for the resurfacing of the netball courts at Salisbury Downs, as outlined in paragraphs 3.16 and 3.17 of the report.

2.4.2 Little Corella Update
1. The information be received.
2. The current short term deterrent methods be continued until the end of the Corella season, estimated to be April.
3. Consideration be given to assessing the streets most impacted in the Burton area by Little Corellas for possible inclusion in the 2019/2020 streetscape renewal program, depending on the condition and expected useful life of the street trees.
4. Committee notes that a Community Meeting with the residents in the Burton area to update them on Little Corella management actions has been organised on Thursday 21 February 2019.

2.5.1 Minutes of the Strategic Property Development Sub Committee meeting held on Tuesday 12 February 2019.

The information contained in the Minutes of the meeting held on be received and noted and that the following recommendations contained therein be adopted by Council:

**SPDSC1** Future Reports for the Strategic Property Development Sub Committee

1. The information be received.

**SPDSC2** Appointment of Deputy Chairperson - Strategic Property Development Sub Committee

1. Cr Shiralee Reardon be appointed as Deputy Chair of the Strategic Property Development Sub Committee for a term of two years.
SPDSC3  Presentation on the Strategic Property Development Program
1. The presentation be received.

SPDSC4  Tranche 1 Update Report – Completion of Aboriginal Discovery Landscape Works at Emerald Green
1. That $2000 be transferred from 19739 Ryans Road – Emerald Green to 388122 Aboriginal Development Project Fund to enable the RAP Working Group to identify an appropriate recognition signage or other acknowledgement for the indigenous burial site, and that this be reflected in the second quarter budget review.
2. That the close-out report for 19739 Ryans Road – Emerald Green will be presented to Strategic Property Development Sub-Committee in June 2019.

SPDSC5  Tranche 2 - Boardwalk at Greentree Project Update Report
1. That the report be received and the update on the project delivery status for Boardwalk at Greentree, Walpole Road Stage 3, be noted.

SPDSC6  Low Cost Affordable Housing Research
1. That the report be received, and the Low Cost Affordable Housing Research Paper as provided in Attachment 1 (Item SPDSC6, Strategic Property Development Sub Committee, 12/02/2019) be noted.
2. That an Affordable Housing Implementation Plan be developed as part of the two-year minor update of the Strategic Land Review for Council consideration in April 2019.
3. That the Tranche 2 Lake Windemere project expression of interest process (Confidential Item: SPDSC6 – Lake Windemere Residential Update Report, Resolution No. 2077/2017) due to commence in early 2019 be expanded to include approaches to key stakeholders identified in the Low Cost Housing Research Report with the outcomes reported to Council by mid-2019.

OB1  Framework Development for Additional Green Space in Salisbury
1. That staff develop a framework by end of July 2019, for identifying opportunities for the strategic acquisition of properties to provide additional green space and/or recreation areas within Salisbury.
2.6.1 **Capital Works Report – January 2019**

1. Include the air conditioning replacement at Salisbury West Library, Salisbury Downs, within PR18097 Building Renewal Program.

2. As a non-discretionary 2018/19 third quarter budget bid, transfer $15k from PR21409 Outdoor Sports Surface Renewal / Upgrade Program, together with $63k from PR25046 Fitness Equipment Program; to PR21456 Reserve Upgrade Program to combine project funding associated with Settlers Park, Paralowie, reserve works.

3. That year two of PR22229 Major Flooding Mitigation Program be increased by $639k, recognising that grant income for Paul’s Drive, Valley View received is $339k below expectations, and following concept design total project cost has increased by $300k, to $2,400k. To enable procurement and delivery of this project the revised 2019/20 budget of be included as a non-discretionary item.

2.6.2 **Petition Protesting Road Surfacing in Wendy Avenue and Avis Court, Valley View**

1. The information within the report be received.

2. The priority actions arising from the identified issues within the Petition be endorsed, namely:
   
   a. Construct Proposed Stormwater Infrastructure (Attachment 1).
   
   b. Regrade portion of kerb & gutter and road surface within Wendy Avenue.
   
   c. Regrade portion of kerb & gutter and road surface within Avis Court.
   
   d. Upgrade identified pram ramps in Wendy Avenue and Avis Court.

3. The optional actions arising from the identified issues within the Petition be endorsed, namely:
   
   a. Re-surface entire length of Wendy Avenue and Avis Court, allowing time for the road surface to settle once stormwater works are undertaken.

2.6.3 **Gulfview Heights Lake**

1. The information within the report be received.

2. Council consider reactivation of the Bay View Parade reserve irrigation, as part of the 2019/20 Budget Bid process (PSN000355).

2.6.4 **Bridgestone Reserve Athletics Facility**

That Council note:

1. The information contained in the report, and adjustments included in the second quarter budget review being $500,000 income gain from additional grant contribution, $500,000 bid to enable delivery of the project meeting the requirements of the IAAF certification, and the retiming of the project.
2. The increase to the 2019/20 budget bid for Bridgestone Reserve Athletics Facility of $500,000 to enable lighting meeting IAAF certification, as a result of these funds being omitted from the Sports Field Lighting Program.

3. If approved through the budget process outlined in Recommendation 1 and 2 of this report (Works and Services 2.6.4, 18/02/2019), the project now has anticipated expenditure of $4.8M, with grant funding of $1.5M, resulting in Council contribution to the project now revised from $2.8Million to $3.3Million.

2.7.1 Traffic Safety – Anson Avenue, Parafield Gardens

1. Council Staff to liaise with the shopping centre to extend the raised concrete median on the Anson Avenue approach to the roundabout, physically restricting the right turn out movement from the shops, (Option 3).

2.7.2 Alice Crescent, Burton – Request for indented parking bays

1. Staff bring back a report examining the viability of indented parking bays or alternative actions to alleviate localised street congestion.

2. Further ongoing consultation be undertaken with residents along the street by Council traffic staff to reinforce the position of Council with respect to parking on the verge and footpath.

3. That the concerned resident who raised the matter of parking along Alice Crescent, Burton, be advised that Council staff have reviewed the request for indented parking bays along Alice Crescent and determined that they not warranted, and no further action is required.

2.7.3 Traffic Safety – Melvina Road and Kings Road, Paralowie

1. Council note that staff have been working with DPTI’s Traffic Operation Investigations Team (asset owner) to improve the traffic control at this intersection through:
   a. An extension of the existing concrete median at the protected right turn auxiliary lane on Kings Road near Melvina Road to provide a physical deterrent for motorists electing to complete an eastbound manoeuvre at this location.
   b. Should this be unsuccessful, Council will request DPTI to install an additional raised median on the west of Kings Road, to ensure the left turn only out of Melvina Road.

2. Council note that staff were notified by DPTI on 11/02/2019 that the Council proposed option of extending the concrete median at the protected right turn auxiliary lane on Kings Road would be implemented at this site. DPTI have refined the concept design and are awaiting Contractor availability to construct this solution.
2.7.4 Installation of slow points on Daniel Avenue, Globe Derby Park

1. That staff undertake a public consultation with the residents on Daniel Avenue and surrounding streets.

2. Subject to public consultation results, that Council give consideration in the 2019/2020 budget process of $130,000 for calming devices or slow points on Daniel Avenue, Globe Derby Park.

2.8.1 Investigation into Development of an App to Report Illegal Dumping

1. Request NAWMA ascertain the cost to modify their service level agreement with SUEZ to include reporting of illegal activity.

2. Council receive regular feedback on the reporting of illegal dumping, graffiti and other reportable activity.

3. Council consider the approval of the proposed mobile CCTV budget bid as part of the 2019/20 budget review process.

W&S-OB1 Modification of Traffic Island on Robinson Road, St Kilda

1. Staff work with DPTI with a view to relocate or modify the traffic island on Robinson Road, St Kilda to enable residents and businesses to exit their properties from both directions

W&S-OB2 Traffic Monitoring – Andrew Smith Drive, Parafield Gardens

1. That a report be brought back on traffic monitoring and parking on Andrew Smith Drive, Parafield Gardens, particularly in relation to The Pines School, including at peak times.

OR

1. That Council adopt the recommendations of the Works and Services Committee meeting on 18 February 2019, contained in the report to Council (Item No. 5.2 on the agenda for the Council meeting held on 25 February 2019), and listed above, with the exception of Items:

## and ##

which was/were withdrawn to be considered separately:

(to be determined at meeting as necessary)

This item details reports to be presented to the Works and Services Committee as a result of a previous Council resolution. If reports have been deferred to a subsequent month, this will be indicated, along with a reason for the deferral.

**COMMITTEE RECOMMENDATION:**
1. The information be received.

| **Item No. 2.0.2** Road Renaming at Waterloo Corner | **SUMMARY:**
The Northern Connector has resulted in a number of roads at Waterloo Corner becoming no through roads or dead end roads (Anjanto Road, St Kilda Road, Undo Road and Summer Road). As a consequence it is necessary to consider renaming a section of these roads to avoid confusion of access to properties, particularly for emergency services access. This report seeks to inform Council about the outcomes of the public consultation process for the renaming of these roads and for Council to decide the names for the next step of the process.

**COMMITTEE RECOMMENDATION:**
1. That pursuant to Section 219 (1) of the Local Government Act 1999, the section of:
   a. Anjanto Road between Port Wakefield Road and the Northern Connector be renamed Davey Road;
   b. St Kilda Road between Port Wakefield Road and the Northern Connector be renamed Dunn Road;

<td>SUMMARY:</td>
<td>This report relates to a number of requests for the establishment of outdoor netball courts, including a request for a report regarding Salisbury North (per table Budget Workshop 1 – 28 February 2018 item WS1-17). The report canvasses the options relating to the three courts reinstatement at Salisbury Downs Oval with a budget estimate of around $437,000 (including lighting, fencing, storage, and resurfacing) and $605,000 for construction of a new single court with appropriate lighting and fencing at Salisbury North Oval (noting lack of off-street parking and access to change/toilet facilities). The report concludes that reinstatement of the courts would not be a practical investment for council due to the changing nature of the trend towards indoor facilities supported by the state and national netball codes.</td>

Item No. 2.6.3 | Gulfview Heights Lake | SUMMARY: | A petition was received on 14/12/2018 by Council which was signed by 49 residents of Wendy Avenue and Avis Court, Valley View. This petition highlighted a number of persistent issues for the residents, in particular road condition, continual disturbance due to works, inadequate communication and stormwater runoff problems. Council Staff have assessed Wendy Avenue and Avis Court in detail and explored each noted issue and propose options to address these.  
COMMITTEE RECOMMENDATIONS:  
1. The information within the report be received.  
2. The priority actions arising from the identified issues within the Petition be endorsed, namely:  
   a. Construct Proposed Stormwater Infrastructure (Attachment 1).  
   b. Regrade portion of kerb & gutter and road surface within Wendy Avenue.  
   c. Regrade portion of kerb & gutter and road surface within Avis Court.  
   d. Upgrade identified pram ramps in Wendy Avenue and Avis Court.  
3. The optional actions arising from the identified issues within the Petition be endorsed, namely:  
   a. Re-surface entire length of Wendy Avenue and Avis Court, allowing time for the road surface to settle once stormwater works are undertaken.  

Item No. 2.6.3 | Gulfview Heights Lake | SUMMARY: | Gulfview Heights Lake, otherwise referred to as Bayview Parade Dam, is one of 15 flood control dams under the care and control of City of Salisbury. Fed only by rainfall runoff, the dam has the capacity for retention of water, and is also located in a recreational reserve. A notice of motion from Council on 24/9/2018 called for a report on any repairs required and service level of the wider reserve. Council staff have explored the issues raised and proposed actions to address them.  

City of Salisbury  
Report to Council - 25 February 2019
### COMMITTEE RECOMMENDATIONS:
1. The information within the report be received.
2. Council consider reactivation of the Bay View Parade reserve irrigation, as part of the 2019/20 Budget Bid process (PSN000355).

### Item No. 2.6.4
**Bridgestone Reserve Athletics Facility**

<tr>
<td>2.</td>
<td>The increase to the 2019/20 budget bid for Bridgestone Reserve Athletics Facility of $500,000 to enable lighting meeting IAAF certification, as a result of these funds being omitted from the Sports Field Lighting Program.</td>
</tr>
<tr>
<td>3.</td>
<td>If approved through the budget process outlined in Recommendation 1 and 2 of this report (Works and Services 2.6.4, 18/02/2019), the project now has anticipated expenditure of $4.8M, with grant funding of $1.5M, resulting in Council contribution to the project now revised from $2.8Million to $3.3Million.</td>

### Item No. 2.7.1
**Traffic Safety – Anson Avenue, Parafield Gardens**

| SUMMARY: | Patrons from the local shops located on 24-38 Catalina Avenue, Parafield Gardens are electing to turn right at the egress point, which is in close proximity to the roundabout. For the safe traffic management of the site and intersection, traffic control devices should be installed to ensure patrons can only use this egress point as left out only. |
| COMMITTEE RECOMMENDATIONS: | 1. Council Staff to liaise with the shopping centre to extend the raised concrete median on the Anson Avenue approach to the roundabout, physically restricting the right turn out movement from the shops, (Option 3). |

### Item No. 2.7.2
**Alice Crescent, Burton – Request for indented parking bays**

<p>| SUMMARY: | A local resident has been in contact with the Ward Councillor regarding on-street parking provisions along Alice Crescent, Burton. A review has determined: |
| 1. | Current on-street parking provisions are adequate. |
| 2. | To ensure compliance with the South Australian Road Rules, specifically parking on the footpath and verge, Council’s inspectorate division will monitor the area. |</p>

<tr>
<td>1. Staff bring back a report examining the viability of indented parking bays or alternative actions to alleviate localised street congestion.</td>
<td></td>
</tr>
<tr>
<td>2. Further ongoing consultation be undertaken with residents along the street by Council traffic staff to reinforce the position of Council with respect to parking on the verge and footpath.</td>
<td></td>
</tr>
<tr>
<td>3. That the concerned resident who raised the matter of parking along Alice Crescent, Burton, be advised that Council staff have reviewed the request for indented parking bays along Alice Crescent and determined that they not warranted, and no further action is required.</td>

<tr>
<td>1. Council note that staff have been working with DPTI’s Traffic Operation Investigations Team (asset owner) to improve the traffic control at this intersection through:</td>
<td></td>
</tr>
<tr>
<td>a. An extension of the existing concrete median at the protected right turn auxiliary lane on Kings Road near Melvina Road to provide a physical deterrent for motorists electing to complete an eastbound manoeuvre at this location.</td>
<td></td>
</tr>
<tr>
<td>b. Should this be unsuccessful, Council will request DPTI to install an additional raised median on the west of Kings Road, to ensure the left turn only out of Melvina Road.</td>
<td></td>
</tr>
<tr>
<td>2. Council note that staff were notified by DPTI on 11/02/2019 that the Council proposed option of extending the concrete median at the protected right turn auxiliary lane on Kings Road would be implemented at this site. DPTI have refined the concept design and are awaiting Contractor availability to construct this solution.</td>

<td></td>
</tr>
</tbody>
</table>

| SUMMARY: | Council requested staff report back on the cost of NAWMA developing an application for their truck drivers to report illegal activities such as dumping & graffiti and also the cost to implement the application in Council vehicles. NAWMA subcontracts the collection of waste to SUEZ who do have systems in place to report illegal activity, but currently do not use the full functionality of their reporting systems. Field staff have recently begun using tablets to capture asset and job data that can be used to report illegal activity. Considering systems are already in place, the development of an application is not warranted. |

| COMMITTEE RECOMMENDATIONS: | |
| 1. Request NAWMA ascertain the cost to modify their service level agreement with SUEZ to include reporting of illegal activity. | |
| 2. Council receive regular feedback on the reporting of illegal dumping, graffiti and other reportable activity. | |
| 3. Council consider the approval of the proposed mobile CCTV budget bid as part of the 2019/20 budget review process. | |

3.6.7FI Review of Representation of the City of Salisbury by Elected Members Policy

AUTHOR Mick Petrovski, Manager Governance - CEO/Governance, CEO and Governance

CITY PLAN LINKS 4.3 Have robust processes that support consistent service delivery and informed decision making.

SUMMARY This report presents the Representation of the City of Salisbury by Elected Members Policy to Council for consideration and endorsement. The Policy was considered by the Resource and Governance Committee on 18 February 2019 and in light of the discussions of the Committee this report provides further information and proposes further changes to the Policy to include reference to events and functions that Council has been notified are taking place in the Council area.

RECOMMENDATION

1. The Information be received.

1. The Representation of the City of Salisbury by Elected Members and Notification of Events and Functions Policy, as set out in Attachment 1 to this report (Resources and Governance 3.6.7FI, 18/02/2019), be endorsed.

ATTACHMENTS

This document should be read in conjunction with the following attachments:

1. Representation of the City of Salisbury by Elected Members and Notification of Events and Functions Policy

1. BACKGROUND

1.1 Council’s Policy Framework provides for Council Policies to be reviewed within 12 months of a general election and two years thereafter.

1.2 The Representation of the City of Salisbury by Elected Members Policy, was last reviewed in February 2018, and therefore a report was provided to the Resource and Governance Committee on 18 February 2019 seeking approval for an update of the policy.

2. CONSULTATION / COMMUNICATION

1.3 Internal

1.3.1 Consultation with the Manager, Governance and the Executive Office has occurred as to the continuing relevance of the Policy and any changes that may be required.

1.3.2 Consultation with Elected Members, via email, has occurred.
3. REPORT

1.4 The Policy was been reviewed by the Policy Owner. No changes of substance were deemed necessary in the content of the Policy to ensure its continuing relevance with the exception of minor editing changes.

1.5 However, during consideration of this matter at the meeting of the Resource and Governance Committee on 18 February 2019, members of the Committee adopted the recommendation contained in the report, subject to further modification of the policy to incorporate a requirement for the Administration implementing a process for notifying Elected Members about events and functions that Council has been notified are taking place in the Council area.

1.6 Accordingly, the updated policy has been amended further to reflect the Committee discussion and the title of the policy has also been amended as follows; Representation of the City of Salisbury by Elected Members and Notification of Events and Functions Policy.

4. CONCLUSION / PROPOSAL

4.1 The Representation of the City of Salisbury by Elected Members and Notification of Events and Functions Policy, as contained within Attachment 1 is recommended to Council for endorsement.

E - POLICY STATEMENT

1. Where an invitation is received by the Mayor and the Mayor is not able to attend the event or function for which the invitation has been extended, the Deputy Mayor is the first call for attendance in the place of the Mayor, followed by both the relevant Ward Councillors.

2. Where an invitation has been accepted by the Mayor and the Mayor is subsequently no longer able to attend the event, the Deputy Mayor is the first call for attendance in the place of the Mayor, followed by both the relevant Ward Councillors.

3. In circumstances where the event occurs outside of the City of Salisbury, or there is a limited time available to confirm an alternative attendee, every effort will be made to contact members in accordance with the order of precedence. Where it is not possible to
confirm an attendee from the order of precedence, guidance will be sought from the
Mayor or Deputy Mayor as to who should be asked to attend the event/function.

4—Where a Councillor accepts an invitation as an alternative attendee and then is
subsequently not able to attend the event or function for which the invitation has been
extended, the Councillor is to contact the Executive Office to advise that they are
unable to attend the event/function and to request an alternative attendee be
approached to attend the event/function.

5—Details of invitations to events received by the Mayor, including confirmed attendees,
will be communicated to all Elected Members via the Elected Member Portal,
providing the opportunity for an Elected Member to nominate to attend an event
where an attendee has not been confirmed from the order of precedence set out
above.

1.  The information be received.

7.2.1  Community Grants Program Applications for February 2019

1.  The information be received and noted.

7.2.2  01/2019: Walk With Wings Inc. – Community Grants Program Application

1.  It be noted that, in accordance with delegated powers set out in the endorsed Terms of Reference, the Sport, Recreation and Grants Committee assessed and allocated funding for the February 2019 round of Community Grants as follows:

a.  Grant No. 01/2019: Walk With Wings Inc. be awarded the amount of $2,500.00 to assist with the purchase of multifunction makeup cabinets, alginate and Hydrostone® for the Angel Impressions project as outlined in the Community Grant Application and additional information.
7.2.3 Community Grants Program Guidelines and Eligibility Criteria Review

1. The information be received and noted.

2. A new grant category be created for community and sporting groups to apply for up to $2,000 for the purchase of defibrillators as part of the Community Grants Program, with an amount of $10,000 of the overall budget allocation being made available for this purpose per financial year.

3. The performance of the new grant category as part of the Program be reviewed in two (2) years.

4. The Terms of Reference of the Community Grants Program be amended to reflect this change.

7.2.3 Community Grants Program Guidelines and Eligibility Criteria Review

Further motion

That the Terms of Reference for the Community Grants Program be amended to include:

19.2 Early dispersement of funds, if requested, to be at the discretion of the Chairman of the Sport, Recreation and Grants Committee and the relevant General Manager.

7.2.3 Community Grants Program Guidelines and Eligibility Criteria Review

Further Motion

That staff bring back a report with amended draft Terms of Reference and advice on the cost implications of increasing community grants from $2,500 to $5,000, for consideration as part of the 2019/2020 budget process.

7.2.4 Review of Youth Sponsorship Application and Funding

1. The current Youth Sponsorship Application/Guideline be endorsed with no changes.

7.2.5 Minor Capital Works Grant Program Review

1. The information be received and noted.

2. That a report be provided to the April 2019 Sport, Recreation and Grants Committee meeting, on the cost and budget implications of increasing minor capital works funding support criteria from $30,000 to $50,000.

OR

2. That Council adopt the recommendations of the Sport Recreation and Grants Committee meeting on 11 February 2019, contained in the report to Council (Item No. 5.7 on the agenda for the Council meeting held on 25 February 2019), and listed below, with the exception of Item(s):

6.1 2019 National General Assembly of Local Government - Call for Motions

CITY PLAN LINKS 4.1 Strengthen partnerships that enable us to better address our community’s priorities.

SUMMARY The National General Assembly (NGA) of Local Government will take place in Canberra from 16 to 19 June 2019. Motions are being called for the NGA and close 29 March 2019.

RECOMMENDATION

That:

1. Council determine if there are any issues that warrant a motion being submitted to the National General Assembly of Local Government being held in Canberra from 16 to 19 June 2019.

4. ATTACHMENTS

This document should be read in conjunction with the following attachments:

1. 2019 National General Assembly - Call for Motions Discussion Paper

1. BACKGROUND

1.1 The National General Assembly (NGA) of Local Government will be held 16 to 19 June 2019 at the National Convention Centre, Canberra. The theme for the 2019 NGA is ‘Future Focused’.

1.2 The Australian Local Government Association Board has called for motions from Councils. They must be relevant to the work of local government nationally and must complement or build on the policy objectives of state and territory associations.

1.3 The deadline for submitting motions to the NGA is Friday 29 March 2019.

2. CONSULTATION / COMMUNICATION

2.1 Internal

2.1.1 CEO and General Managers.

2.2 External

2.2.1 Nil.
3. REPORT

3.1 The Australian Local Government Association (ALGA) is the national peak advocacy body for local government. ALGA’s work includes, but is not limited to the establishment of national policy and extensive liaison and lobbying with departments, Ministers and other parliamentarians at the Commonwealth level to achieve better outcomes for local councils.

3.2 The ALGA Board is comprised of delegates from each member association who refer matters of national relevance to the ALGA Board for consideration at regular Board meetings.

3.3 The 2019 National General Assembly (NGA) of Local Government, to be held in Canberra from 16 to 19 June is an opportunity for individual councils to identify matters of national relevance to the sector and for these matters to be considered by ALGA as national policy, for its advocacy role or for more immediate action by ALGA on behalf of the sector.

Submission of Motions for Debate

3.4 The ALGA Board is calling for motions for the NGA under the theme of ‘Future Focused’.

3.5 This will be the 25th National General Assembly and will focus on the future of local government and local communities. It will consider what Councils can do today to get ready for the challenges, opportunities and changes that lie ahead.

3.6 To be eligible for inclusion in the NGA Business Papers, and subsequent debate on the floor of the NGA, motions must meet the following criteria:

3.6.1 be relevant to the work of local government nationally;
3.6.2 be consistent with the themes of the NGA;
3.6.3 complement or build on the policy objectives of our state local government association;
3.6.4 be from a council which is a financial member of our state local government association;
3.6.5 propose a clear action and outcome; and
3.6.6 not be advanced on behalf of external third parties that may seek to use the NGA to apply pressure to Board members or to gain national political exposure for positions that are not directly relevant to the work of, or in the national interests of, local government.

3.7 Once all motions have been received, they are reviewed by the ALGA Board’s NGA Sub-Committee as well as by State and Territory Local Government Associations to determine their eligibility for inclusion in the NGA Business Papers. When reviewing motions, the Sub-Committee considers the importance and relevance of the issue to local government. It should be noted that motions should not be prescriptive in directing how the matter should be pursued. Any motion deemed to be primarily concerned with local or state issues will be referred to the relevant state/territory local government association, and will not be included in the Business Papers.

3.8 A discussion paper prepared by the ALGA Board is attached for information.
3.9 Motions that are accepted and placed on the Agenda for the NGA will be debated throughout the assembly.

**Attendance at Assembly**

3.10 Details are currently being finalised for the program. Elected Members will be advised once this has been released.

3.11 As the event is being held interstate, in accordance with the Elected Member Training and Development Policy, a report will be presented to Council for consideration in relation to attendance.

4. **CONCLUSION / PROPOSAL**

4.1 Council is asked to determine if there are any issues that warrant a motion being submitted to the 2019 NGA of Local Government.

SUBMITTING MOTIONS

The National General Assembly of Local Government (NGA) is an important opportunity for you and your council to influence the national policy agenda.

To assist you to identify motions that address the theme of the NGA, the Australian Local Government Association (ALGA) Secretariat has prepared this short discussion paper. You are encouraged to read all of the sections of the paper, but are not expected to respond to every question. Your motion/s can address one or all of the issues identified in the discussion paper.

To be eligible for inclusion in the NGA Business Papers, and subsequent debate on the floor of the NGA, motions must meet the following criteria:

1. be relevant to the work of local government nationally
2. be consistent with the themes of the NGA
3. complement or build on the policy objectives of your state and territory local government association
4. be submitted by a council which is a financial member of their state or territory local government association
5. propose a clear action and outcome
6. not be advanced on behalf of external third parties that may seek to use the NGA to apply pressure to Board members or to gain national political exposure for positions that are not directly relevant to the work of, or in the national interests of, local government.

Motions should generally be in a form that seeks the NGA’s support for a particular action or policy change at the Federal level which will assist local governments to meet local community needs. For example: That this National General Assembly call on the Federal Government to restore funding for local government financial assistance grants to a level equal to at least 1% of Commonwealth taxation revenue.

Motions should be lodged electronically using the online form available on the NGA website at: www.alga.asn.au. All motions require, among other things, a contact officer, a clear national objective, a summary of the key arguments in support of the motion, and endorsement of your council. Motions should be received no later than 11:59pm on Friday 29 March 2019.

Please note that for every motion it is important to complete the background section on the form. Submitters of motions should not assume knowledge. The background section helps all delegations, including those with no previous knowledge of the issue, in their consideration of the motion.

All motions submitted will be reviewed by the ALGA Board’s NGA Sub-Committee as well as by state and territory local government associations to determine their eligibility for inclusion in the NGA Business Papers. When reviewing motions, the Sub-Committee considers the importance and relevance of the issue to local government. Please note that motions should not be prescriptive in directing how the matter should be pursued. With the agreement of the relevant council, motions may be edited before inclusion in the NGA Business Papers to ensure consistency. If there are any questions about the substance or intent of a motion, ALGA will raise these with the nominated contact officer. Any motion deemed to be primarily concerned with local or state issues will be referred to the relevant state or territory local government association, and will not be included in the NGA Business Papers.
INTRODUCTION

The purpose of this discussion paper is to provide guidance to councils developing Motions for Debate at the 2019 National General Assembly. This will be the 25th National General Assembly and will focus on the future of local government and local communities. It will consider what Councils can do today to get ready for the challenges, opportunities and changes that lie ahead.

Local governments across Australia already face a host of challenges including financial constraints, adapting to rapidly evolving technologies and community expectations of access to 24/7 services via websites, mobiles and call centres, changes in demographics and population size and preferred means of community engagement. It is unlikely that these challenges will disappear. In some cases, they will be compounded by climate change, the ageing population and further advances in disruptive technologies including artificial intelligences.

The challenges may also be exacerbated by increasing community expectations about the level and types of services and infrastructure provided by councils and the community’s willingness to pay. The community, as council’s customers, are increasingly growing accustomed to steadily falling prices for better products and services such as cars, computers, overseas travels. Exceptions to this are housing and in many cases government services such as health care and tertiary education. Another exception is council rates. While a number of states have capped rates, rates across the nation typically continue to rise.

In the case of rates, local communities can perceive that they are being asked to pay more money for the same product. The community may feel that they are paying enough and are therefore unlikely to be supportive of rate rises or swing behind the call for increased federal funding for local government (≥ 1% FAGs).

KEY QUESTIONS

This therefore raises the questions of:

1. What can local governments do differently now, and in the future, to deliver more for less?
   o Are there new business models and new partnerships, new technologies and the willingness to reduce, phase out or change existing practices, opportunities for more sophisticated service planning and more efficient procurement?

2. How can local governments collaborate, be entrepreneurial and embrace disruption and innovation?

3. How can the Commonwealth Government help local governments prepare for the future and why should they care?
   o What are the opportunities for leveraging regional, state and national partnerships?
THE PRESENT

Demographics

In 2018 the Australian population reached the 25 million mark.

73% of the population lives in stand-alone houses, while 27% of the population live in homes such as flats, apartments, semi-detached, row houses and town houses. 38% of occupied apartments are in high rise blocks with four or more storeys. That’s up from 18% in 2006.

67% of Australians live in capital cities, 23% in other urban areas and 10% live in rural Australia. In total more than 90% of our population lives within 100km of the coast making us one of the world’s most urbanised coastal dwelling populations. 86% of all Aussie households have internet access at home.

Australia has an aging population and we’re also living longer with almost 4,000 people over the age of 100. In 2017, 308,000 babies were born. As a population, we’re made up of more than six million families and they come in all shapes and sizes.

Diversity and culture

Australia has one of the most multicultural populations in the world with more than 300 different ancestries and 28% of our resident population born overseas — nearly 7 million people. Across the country more than 300 languages are spoken.

At the 2016 Census 50.7% of the population was female. However, gender equality advances have stalled across the local government sector. The rates of women in senior positions are far lower than any other tier of government. At the last round of local government elections, women accounted for just 32 per cent of all candidates and were elected to 30 per cent of positions. Even fewer (24 per cent) mayoral candidates were women but almost all were elected. Women account for 46 per cent of staff positions but this falls as the management level rises. Only 11 per cent of council chief executives are women.

At the 2016 Census Aboriginal and Torres Strait Islander people made up 2.8 per cent of the Australian population (approximately 649,000 out of 23.4 million people). Only eight politicians who identify as Indigenous have served in the Federal Parliament with six of those having been elected since 2010. With the exception of a small number of local governments it is expected that there are very few Aboriginal and Torres Strait Islanders holding elected or senior executive positions in local government (data is not available for this issue).

According to the 2016 Census, almost 50 per cent of Australians were born overseas or had a parent born overseas. Census data also indicates that almost one quarter of Australians speak languages other than English in their homes. State and federal parliaments and local governments should reflect contemporary Australians but fail to do so.
A 2016 report by the Australian Human Rights Commission revealed that 1.61 per cent of federal and state public service heads of department, and 0 per cent of federal Ministers and Assistant Ministers come from a non-European background. In the federal parliament 79 per cent of the 226 elected members in the Australian Parliament have an Anglo-Celtic background, 16 per cent have a European background and those from a non-European background make up less than four per cent of the total. There are no statistics available about cultural diversity in local government.

Fair Work Australia statistics indicate that workers compensation claims involving alleged bullying in local government were among the second highest of all sectors in 2017, with 42.2 claims per 100 million hours worked in 2017, up from being the third highest in 2016.

**Roles and funding**

The scale and functional scope of local government spending has been subject to significant change over the last two decades. According to a report by the McKell Institute there has been a fourfold increase in spending by local governments in nominal terms (7.3% p.a. compound growth rate) from total outlays of A$8.2 billion in 1994-95 to A$33.6 billion in 2014-15 and $35.9 billion in 2016-17 despite the fact that in some jurisdictions significant public service responsibilities (such as water and sewerage) have been stripped out from local government.

Causes for the increase in functions undertaken by local government include cost shifting, the need to address market failure (particularly in rural areas where it is commonly not financially viable for the private sector to provide essential goods and services such as aged care or childcare) and increasing community demand which has been rising steeply over the past two decades.

A gap has emerged between the community’s propensity to pay for various amenities and the cost to council in providing those services. This has resulted in local governments under-charging and failing to effectively demonstrate the cost to consumers.
The following table demonstrates some of the key changes in local government expenditure between 2011-12 to 2016-17:

Between 2011-12 and 2016-17 local government revenue increased from $36 billion to $45.5 billion. Of this 88% (in 2011-12) and 89% (in 2016-17) was own source revenue. Funding from the Commonwealth Government in the form of Financial Assistance Grants (FAGs) was $2.14 billion in 2011-12 and $2.29 billion (following the end on the freeze to indexation).

Total assets increased from $350 billion in 2011-12 to $467 billion in 2017-18. It has been estimated that the gross replacement value of local government infrastructure for all Australian councils was $438 billion in 2014. 11% or $47 billion of assets are in poor or very poor condition and require renewal or upgrade. Seven per cent or $31 billion of the asset stock has poor function requiring upgrading to meet current or emerging local and regional service level targets for safety, compliance, social, environmental and economic performance. A further seven per cent or $31 billion of assets have poor capacity and require augmenting to support growth and meet service needs.

THE FUTURE

Demographics
Population projections by the Australian Bureau of Statistics illustrate the growth and change in population which would occur if certain assumptions about the future level of fertility, mortality, internal and overseas migration were to prevail over a projection period. Based on an estimated resident population of 22.7 million people at 30 June 2012 the population has been projected to increase to between 36.8 and 48.3 million people by 2061 and to between 42.4 and 70.1 million by 2101.

The median age of Australia’s population (37.3 years at 30 June 2012) is projected to increase to between 38.6 years and 40.5 years in 2031 (high growth and low growth respectively) and to between 41.0 years and 44.5 years in 2061.
Assuming the current (2012) trends continuing, the population will grow in all states and territories except Tasmania. All capital cities except Darwin are projected to experience higher percentage growth than their respective state or territory balances, resulting in a further concentration of Australia’s population within the capital cities. In 2012, 66% of Australians lived in a capital city. By 2061 this proportion is projected to increase to 74%.

* In the low growth scenario, the population for the balance of South Australia is projected to increase marginally over the next twenty years, peaking at 398,100 in 2033, before declining to 373,700 in 2061.

# In the current trend scenario (2012) Tasmania’s population increases slowly before levelling out by around 2046 and then decreasing marginally from 2047 onwards. In the low growth scenario Tasmania’s population increases only slightly over the first 15 years and begins to decline from 2028 onwards*.

In the high growth scenario, Australia’s growth rate initially increases to 1.9% per year and remains above the 20-year average (1.3%) until the middle of the century. Over the second half of the century, growth rates gradually decline, reaching 1.0% in 2071 and 0.8% in 2101. In the current (2012) trend scenario Australia’s annual growth rate decreases from 1.7% in 2012 to 1.0% in 2045, and to 0.5% in 2101. In the low growth scenario Australia’s annual growth rate decreases at a faster rate, reaching 1.0% in 2031 and 0.2% in 2101.
Climate Change

The CSIRO and Bureau of Meteorology have compiled different models for predicting the outcome of climate change in Australia. According to this work, droughts are predicted to increase in a large portion of southern Australia, ("medium" level of confidence). It is predicted that in the main the southern half of Australia will experience less rainfall in winter, spring or both (high or medium confidence). Every part of Australia will continue to experience increases in average temperature, and will have a higher frequency of hot days. This will also result in higher evaporation across Australia, which will continue to make drought conditions worse in the future.

People living in large cities can be more susceptible than non-urban dwellers to the effects of heatwaves as a result of the urban heat island effect. This is caused by the prevalence in cities of heat absorbing materials such as dark coloured pavements and roofs, concrete, urban canyons trapping hot air, and a lack of shade and green space in dense urban environments. It can result in substantially higher temperatures (particularly overnight) than surrounding non-urban areas.

Northern Australia
- Average temperatures will continue to increase in all seasons (very high confidence).
- More hot days and warm spells are projected with very high confidence.
- Changes to rainfall are possible but unclear.
- Increased intensity of extreme rainfall events is projected, with high confidence.
- Mean sea level will continue to rise and height of extreme sea-level events will also increase (very high confidence).
- With medium confidence, fewer but more intense tropical cyclones are projected.

The Rangelands
- Average temperatures will continue to increase in all seasons (very high confidence).
- More hot days and warm spells are projected with very high confidence. Fewer frosts are projected with high confidence.
- Changes to summer rainfall are possible but unclear. Winter rainfall is projected to decrease in the south with high confidence.
- Increased intensity of extreme rainfall events is projected, with high confidence.
- Mean sea levels will continue to rise and height of extreme sea-level events will also increase (very high confidence).

Eastern Australia
- Average temperatures will continue to increase in all seasons (very high confidence).
- More hot days and warm spells are projected with very high confidence. Fewer frosts are projected with high confidence.
- Average winter and spring rainfall is projected to decrease with medium confidence. Changes in summer and autumn are possible but unclear.
- Increased intensity of extreme rainfall events is projected, with high confidence.
- Mean sea level will continue to rise and height of extreme sea-level events will also increase (very high confidence).
- A harsher fire-weather climate in the future (high confidence).

Southern Australia
- Average temperatures will continue to increase in all seasons (very high confidence).
- More hot days and warm spells are projected with very high confidence. Fewer frosts are projected with high confidence.
- A continuation of the trend of decreasing winter rainfall is projected with high confidence. Spring rainfall decreases are also projected with high confidence. Changes to summer and autumn rainfall are possible but less clear.
- Increased intensity of extreme rainfall events is projected, with high confidence.
- Mean sea level will continue to rise and height of extreme sea-level events will also increase (very high confidence).
- A harsher fire-weather climate in the future (high confidence).

Employment

Into the future, some of the most significant factors influencing employment will include change in industry structure, technological advances and globalisation. The trend towards employment requiring skills and training is also set to continue. The CSIRO estimates that while 44 per cent of Australian jobs are potentially at high risk of automation, this technology will also be responsible for the creation of new jobs. A projected growth area for regional economies is in the human services-related industries, particularly health care and social assistance for an ageing population. This will have significant implications for regional populations as service industries are more likely to cluster in regional centres than in smaller towns and rural areas. Tourism and related industries such as accommodation, food services and retail trade are also expected to continue to deliver economic growth in regional areas with help from the low Australian dollar. The knowledge economy, science, technology and finance will drive employment growth in urban areas.

Technology

The pace of technological change at present is increasing and almost daily we hear of new technologies that will disrupt existing markets and change the way our communities live, work, play and travel. It is difficult to predict which of these new technologies will come to fruition, let alone the full impact that they will have. It is also difficult to predict what is likely to occur in the future in terms of the type of technological changes and the speed of change. Forward planning is therefore problematic but it is reasonably safe to assume that drones and electric vehicles and semi-or fully autonomous vehicles (self-driving cars) will be part of our future. These will have dramatic impact on the look and feel of our communities and the services and infrastructure needed to support them.

Local government services that utilise Artificial Intelligence (AI) are already emerging. AI has the ability to tap into social media to learn about problems in real time. When people post or tweet about issues in the local area AI powered systems can improve council response times and reduce costs. Predictive elements in AI help councils analyse infrastructure issues and fix small problems before they grow larger. Modern systems can track water pressure and alert workers to fix pipes before they burst. The application of blockchain should allow local councils to reduce a great amount of transaction costs in the delivery of local services, while also providing greater transparency and participation for citizens.

Contact centre chat bots (virtual customer service assistants) can help the public to pay parking fines and rates, or apply for a permit at any time. Customer service AI can help community members find the information they need. Website AI can help individuals navigate online services. Some AI can even help residents with applications, guiding them through the process and suggesting additional services.
AI technology is an opportunity to reimagine how future services can be delivered as well as gain value in:

- Reducing demand on services
- Improving efficiencies
- Enhancing the customer experience
- Driving better decision making from data insights

AI technology will not displace a team or service but complement it to truly be user-centric. It can reduce the burden of administrative tasks enabling staff to put their skills to more strategic and creative tasks and gain faster access to valuable insights. In doing so, the council is empowered to make better decisions for citizens.

AI has benefits for the workplace and citizens alike helping solve a problem and improving the lives of citizens. AI can have an enabling role in achieving this for local government today and for the ‘council of the future.’

ITEM 7: MOTIONS ON NOTICE

7.1 Motion on Notice - Free Dump Day

Cr Beau Brug has submitted the following Notice of Motion:

That:

1. That City of Salisbury report on the opportunity of establishing a free or subsidised Dump Day to help tackle illegal dumping, during which residents are not charged for bringing non-hazardous waste to any Council Waste Transfer Station/s on a business day later in 2019, to be determined by the Council.

2. That the report also consider the costs and benefits of establishing an ongoing annual dump day on a business day in future to coincide with the annual Clean Up Australia Day initiative; and consider other ways Council can support the agenda of reducing waste.

ADMINISTRATION COMMENT:

Staff have assessed the implications of a proposed additional designated dump day at the Pooraka Resource Recovery Park and advise that providing an additional designated day for residents to dispose of non-hazardous waste would be an increase of service level of the existing hard waste voucher/pickup services already being offered to all Salisbury households.

Currently, residents can dispose of non-hazardous hard waste twice annually via the use of Resource Recovery Park vouchers or by booking a kerbside pick-up. The City of Salisbury has over 50,000 households that could potentially use an additional designated day to dispose of waste. Assuming 10% of households take the opportunity to dispose of hard waste on this day, Council would incur additional costs of approximately $850,000 + GST to handle and process this waste. Dedicating an additional day and location to dispose of waste will create congestion issues, as many residents will try to access the Research Road site at the same time. This contrasts with the current voucher system that spreads access over the year.

As an alternative, we would propose NAWMA encourage/facilitate targeted volunteer clean-up activities throughout the community for Clean Up Australia Day, and further promote the free drop off services that currently exist at the Resource Recovery Parks for items such as metal, e-waste, recyclables and paint.

13.1 Budget and Finance Committee - Confidential Recommendation for Council Ratification

Pursuant to section 83(5) of the Local Government Act 1999 the Chief Executive Officer has indicated that, if Council so determines, this matter may be considered in confidence under Part 3 of the Local Government Act 1999 on that grounds that:

1. Pursuant to Section 90(2) and (3)(b)(i) and (b)(ii) of the Local Government Act 1999, the principle that the meeting should be conducted in a place open to the public has been outweighed in relation to this matter because:

- it relates to information the disclosure of which could reasonably be expected to confer a commercial advantage on a person with whom the council is conducting, or proposing to conduct, business, or to prejudice the commercial position of the council; and

- information the disclosure of which would, on balance, be contrary to the public interest.

2. In weighing up the factors related to disclosure,

- disclosure of this matter to the public would demonstrate accountability and transparency of the Council’s operations

- Non disclosure of this item will protect commercially sensitive information the disclosure of which at this time may prejudice the commercial position of Council.

On that basis the public’s interest is best served by not disclosing the Budget and Finance Committee - Confidential Recommendation for Council Ratification item and discussion at this point in time.

3. Pursuant to Section 90(2) of the Local Government Act 1999 it is recommended the Council orders that all members of the public, except staff of the City of Salisbury on duty in attendance, be excluded from attendance at the meeting for this Agenda Item.
