Anti-Bullying Project Team update October 9 2018

Tom Wood

The team hosted an Anti-Bullying forum in partnership with the SRC at Salisbury East High School on August 9th 2018

Anti-Bullying Forum

In attendance were 100 students made up of SRC representatives and students from years 8-12

Guest presenters were SAPOL who spoke about Cyber safety and Bullying and Headspace who spoke about their new Anti-Bullying video project and conducted an engagement activity

Youth Council facilitated groups of young people to discuss issues of bullying, ways to respond, the effect of bullying on young people.

The information gathered was handed over to the SRC reps and Youth Council will meet with them in October to discuss Anti-Bullying strategies the school has implemented from the information gathered at the forum

In Addition to this forum the team is in discussion with Salisbury East to host a students and parents evening forum in late August and the development of a landing page on the City of Salisbury Website with Anti-bullying content developed by Youth Council members

The team is currently collect information, videos, fact sheets and working with Headspace to gather the content for the page.

The team are also researching wristbands to have produced to include the link to their page

Disability Inclusion Project Team Update October 2018

Tyler Rutka-Hudson

The team hosted a Disability Inclusion Forum in partnership with Julia Farr Youth on August 15th in the John Harvey Gallery.

The forum had approx. 25 young people in attendance, Local Disability Service providers, guest speakers and Dr Pip Williams who is the consultant for Council's Ability Inclusion Strategy.

A panel of young people who live with disabilities shared their stories and answered questions. The panel was made up of two Youth Council Members and Two members of Julia Farr Youth.

Local services shared about their services and provided information to young people.

Positive ideas and feedback were provided by participants and this information has been shared with Dr Williams and Mike Taggart and his team.

In addition to this event the Disability Inclusion Team was to assist with the planning and running of a school holiday sports disability program at Parafield Gardens Recreation Centre in September, however due to late notice and little communication from the centre this did not occur.

The Disability Inclusion team is now in discussion with the Manager of the recreation centre to look at future opportunities

I would like to also share a personal comment

A direct and very positive outcome of the forum was that I gained employment through Job Prospects for at least 15 hours a week sharing my story, consulting with young people with disabilities and promoting the services of Job prospects.
