APPLICATION FORM

* WASTE / RECYCLING / 140 LTR UPGRADE BINS

* ADDITIONAL BINS – WASTE / RECYCLING

IMPORTANT INFORMATION

- **One Household Waste bin** will be serviced per premises; however you may apply for an **Upgrade Bin** (change from the 140Ltr bin to a 240Ltr bin) for an additional annual service fee of **\$115.00** (\$103.50 + \$11.50 GST).
- An **Additional 240Ltr Household Waste bin** may be issued and serviced upon application and payment of an additional annual service fee of **\$184.00** (\$165.60 + \$18.40 GST).
NOTE: an account will be issued on the anniversary date of your additional service request/application. Please note that failure to pay the annual service fee due will result in NAWMA removing service and collection of the bin issued.
- NAWMA currently operates a **free Green Waste Service** fortnightly on behalf of the City of Salisbury. To take part in this service the householder/business must purchase their own **240Ltr Green waste bin** and register with NAWMA. You will be issued with a sticker to place on the front of your bin, so the driver can recognise it as a Green Waste bin. Residents can arrange for a green waste sticker to be sent for placing on top of the green lidded bin by phoning NAWMA on Ph. 1800 111 004.
- NAWMA currently operates a **free fortnightly recycling service** on behalf of the City of Salisbury. If you are a new resident and wish to take part in this service you will need to apply for a **Recycling bin** from NAWMA.
- You may also apply for an **Additional Recycling bin** for an additional annual service fee of **\$47.00** (\$42.30 + \$4.70 GST). See "Additional Bins" on the form.
- **The City of Salisbury is to be notified when:**
 - You move premises
 - Sell the property

More than 100,000 bins are emptied each week. Sometimes mistakes can occur, by working together, we can ensure that your domestic waste, recyclables and green waste is collected and managed appropriately.

To ensure your bins are emptied correctly and on your designated collection day, you need to:

- Place bins out before 7am on the day of pick-up
- Face each bin in the right direction – that is, wheels towards the house
- Keep a minimum of 30cm clear around each bin
- Place the right material in the right bin. Remember recyclable items go in the yellow-lidded recycling bin. Domestic or household rubbish goes in the 140Ltr rubbish bin. Green waste goes in your green waste bin, which will carry a sticker that is clearly visible to the driver
- Keep your bins clear of parked cars
- Be sure rubbish is not packed too tightly
- Don't overfill. If the lid is not closed, it is likely to spill when emptied

For further information please ring NAWMA on the free call number 1800 111 004
