

Australian Wilga
Geijera parviflora

An evergreen tree, up to 8m in height with a weeping canopy of leathery, green foliage. Small, white, citrus-scented flowers appear in winter and spring. This tree is tolerant a wide range of soils and climatic conditions and is recommended for small verges and under powerlines. It is approved by SA Water and ETSA.
Local example: Lassock Avenue, Lockleys.

Newlyn Terrace, Parafield Gardens

Following community consultation for your street earlier last year; we would like to advise that the selected tree species for your street is

Geijera parviflora

Please find enclosed information related to the tree species, plans for the tree removals/retentions and new tree plantings.

Tree removal works are being coordinated to occur over summer 2023.

Planting of new trees is being coordinated to occur beginning Autumn 2023.

You can access information regarding the Street Tree Program and benefits of trees by scanning here:

or visit:

 salisbury.sa.gov.au/treeprogram

If you have any further questions please contact the Project Manager, Michael Oborn.

Street Tree Program Consultation Results Outcome

Trees are an important part of the landscape and urban environment across the City of Salisbury.

They provide a range of environmental and ecological benefits for the City and the wider community.

Timeframe

Tree removal works are being coordinated to occur over summer 2023 with planting to follow beginning Autumn 2023.

We will provide further information closer to works date.
