

Trident Maple
Acer buergerianum

A deciduous tree, up to 8m in height. It has a rounded, dense canopy of bright green foliage that turns yellow, orange and red in autumn. This tree tolerates a wide range of soil and climatic conditions. This tree is recommended for small verges and under powerlines. Local example: Civic Square, Salisbury.

Brush Box
Lophostemon confertus

An evergreen tree, up to 15m in height, with a rounded canopy. It has leathery, dark green foliage with smooth, mottled bark and white flowers. This tree is recommended for medium verges and is approved by SA Water. Local example: Harvey Avenue, Salisbury; Baldock Road, Ingle Farm.

Target Hill Road, Salisbury Heights

Following community consultation for your street earlier last year; we would like to advise that the selected tree species for your street is

Acer buergerianum

Lophostemon confertus

Please find enclosed information related to the tree species, plans for the tree removals/retentions and new tree plantings.

Tree removal works are being coordinated to occur mid 2023.

Planting of new trees is being coordinated to occur beginning Spring 2023.

You can access information regarding the Street Tree Program and benefits of trees by scanning here:

or visit:

 salisbury.sa.gov.au/treeprogram

If you have any further questions please contact the Project Manager, Michael Oborn.

Street Tree Program Consultation Results Outcome

Trees are an important part of the landscape and urban environment across the City of Salisbury.

They provide a range of environmental and ecological benefits for the City and the wider community.

Timeframe

Tree removal works are being coordinated to occur mid 2023 with planting to follow beginning Spring 2023.

We will provide further information closer to works date.
