*The health and wellbeing of our community is a priority*

The City of Salisbury recognises the importance of protecting the community from preventable diseases and is committed to ensuring residents have ongoing access to free immunisation services.

There are currently four clinic locations available and no appointment is required.

### **Why Immunise?**

Immunisation protects the community generally from serious complications of common diseases that can be prevented. If the community is not adequately protected through immunisation these diseases can become a major health issue.

### **What Service Does Council Provide?**

The City of Salisbury provides a free immunisation service for eligible persons under the National immunisation Program which includes catch up immunisations for secondary school students.

This service is administered by Health & Immunisation Services at four locations and no appointment is necessary. Bring your immunisation record book and your Medicare card when you attend.

### **Is Immunisation Safe?**

Sometimes there are reactions to the vaccine, however, severe reactions are not common and the risks associated with these diseases are far greater.

### **What Immunisations are Provided?**

Immunisations are in accordance with the National Immunisation Program.

### **Immunisation Records**

The quickest way to get your Immunisation statement is by using your Medicare online account through myGov or the Express Plus Medicare mobile app.

Visit: [www.humanservices.gov.au](http://www.humanservices.gov.au) or [www.my.gov.au](http://www.my.gov.au)

You can also call the AIR enquiries line on 1800 653 809. It can take up to 14 days to receive your statement in the post.
