LINDBLOM RESERVE MASTER PLAN

The master plan seeks to expand upon the existing use of Lindblom Reserve as a sporting destination for AFL, cricket, soccer and netball.

To support these uses, the amenity of the reserve upgrades will include:

- new play space
- additional landscaped open spaces and lawns
- new fitness loop with shared paths
- additional car parking from Quinlivan Road

By consolidating the sports and leisure uses to the western side of Dry Creek, this allows the western side to be upgraded as a natural experience with walking trails adjacent the waterway, new informal nature play and BMX pump track and improved woodlands.
