

Streetscape Renewal Program, Community Consultation

In June 2022, Council conducted an initial community consultation (Stage 1) to obtain background information on how the existing streetscape of Jolsen Street is viewed by its residents, and what they would like to see included as part of the future renewal.

Following the initial Stage 1 consultation, a draft concept plan has been developed for Jolsen Street (overleaf) and Council are now seeking community feedback on the draft plan.

The draft concept plan has been prepared based on feedback from the previous Stage 1 consultation and the technical requirements for the street.

Next Steps

As part of the design development process the City of Salisbury will review the feedback provided by residents.

Based on this feedback, and the technical requirements for the street, a final design will be developed for community consultation. The final design will be provided to residents, including a summary of how community feedback was considered throughout the process.

Construction works are expected to occur within the 2022 / 23 financial year..

Streetscape Design Plan: Jolsen Street, Salisbury Downs

New footpath

Ammenity planting

Pedestrian ramps

Stabilised rubble

WSUD planting

Key

- Privately Managed verge - no proposed alterations
- Tree Inlet
- Kerbing Replacement
- Retained Tree Canopy
- New Tree
- Retain Regulated Tree
- Remove Tree
- Remove Regulated Tree
- Stabilised Rubble
- Amenity Planting
- WSUD Planting
- New Footpath
- New Pedestrian Ramps
- Driveways

Vegetation

Feedback received during Stage 1 consultation with residents indicated that while street trees are an important element of the streetscape, there are concerns about safety and maintenance for some of the existing street trees.

The Streetscape Renewal Program will provide a greater mix of vegetation sizes and species.

Residents are encouraged to provide feedback on the preferred tree species for their street (see options across).

Tree Species

Ivory Curl Tree
Local example:
None Available

Brush Box
Local example: Harvey
Avenue, Salisbury;
Baldock Road, Ingle Farm.

Chinese Tallow
Local example:
None Available.

We need your input!

The City of Salisbury is committed to ensuring community members play a key role in shaping the renewal outcomes for their street.

Residents of Jolsen Street, Salisbury Downs are invited to provide input into the draft streetscape design.

Scan the QR code with your smartphone, or visit www.salisbury.sa.gov.au/srp, to complete a brief survey.

Residents can also email a submission to city@salisbury.sa.gov.au.

Feedback period closes Friday 2 September 2022.
