

# Church and John Streets Revitalisation

## Project Update – December 2022

As part of the ongoing upgrade of its City Centre, the City of Salisbury is delivering the revitalisation of Church and John Streets, which continues to create a sense of place that reflects Salisbury's heart and identity.

The majority of works are now finished with the project on track for completion early 2023. The project has given the Salisbury City Centre a fresh new look with an enhanced streetscape, new pedestrian connections, improved landscaping and greenery and a range of new experiences for shoppers, diners and workers. Tree and shrub plantings, public artwork, new LED light poles and street furniture are being installed throughout November and December to put the finishing touches on the transformation of the precinct.

### Landscaping

Landscaping work along John Street and Church Street, including removal of end-of-life trees and the installation of new garden beds will enhance the precinct and deliver a more attractive and greener streetscape. Trees and shrubs are being planted to improve the quality of the streetscape and open up new spaces for shoppers, visitors and diners.

New garden beds on John Street – plantings to occur throughout November and December

## Project Update – December 2022

Landscaping and drainage treatments on Church Street

### Revitalised and improved streetscape

Landscaping works along John Street and Church Street are being complemented with new pedestrian connections and accessibility improvements including new kerbing, footpaths, ramps and disability permit parking. Public art installations will be undertaken in late December. New street furniture including benches and other amenities such as new bins and drinking fountains are also being installed throughout December, improving public facilities in the area and providing a modern, consistent and vibrant new look.

New bins on John Street

New heavily reinforced concrete beams for pedestrian safety awaiting bench installation

## Project Update – December 2022

New garden beds awaiting plantings along John Street (adjacent Parabanks Shopping Centre)

Demolition works to remove the kiosk and tower signage adjacent to the Stockade Tavern is complete. This area is being transformed into a landscaped pathway to improve pedestrian access and experience.

Tower signage demolition works adjacent the Stockade Tavern

### Smart City Infrastructure

Installation works of the new Smart City Infrastructure including improved LED lighting, WiFi, CCTV, and irrigation is being undertaken throughout November and December. Some light poles will require road closures for safe installation. These dates will be provided in future notifications.

Smart City Infrastructure will showcase the City Centre and provide modern accessible amenities and improved safety throughout the precinct, including better lighting and line of sight to key central nodes such as the Judd Street and Sexton Carparks.

## Project Update – December 2022

### New accessible public toilets

New accessible public toilets between the Sexton Carpark and Salisbury Community Hub will be installed and commissioned for public use in January 2023. The modern Exeloo public toilets are self-cleaning and integrated with systems to maintain hygiene and safety. These new amenities will help to support local traders and provide cleaner and safer facilities for shoppers and visitors.

### Project fast facts

	<b>145 Trees</b>		<b>Upgraded City WiFi</b>
	<b>6350 Plantings</b>		<b>New CCTV Cameras</b>
	<b>23 Benches</b>		<b>4 Public Artworks</b>
	<b>47 New LED Streetlights</b>		<b>Modern Public Toilet Facilities</b>
	<b>10 Smart LED Streetlights</b>		<b>5000m of conduits installed</b>

### Project timing

The majority of project works will be finished by the end of November, with final completion expected in February 2023.

### Questions and feedback

We continue to work with businesses, building owners and the community during construction to support specific requirements.

To make an enquiry or to register to receive email updates as the project progresses, please contact us:

- Email: [stratdev@salisbury.sa.gov.au](mailto:stratdev@salisbury.sa.gov.au) or
- Call: 1300 539 552

Updates will also be provided on the City of Salisbury webpage:
