COVID-19 VACCINE
5 FACTS YOU NEED TO KNOW

The vaccine is the best way to keep you, your loved ones and our community safe.

STRONGER IMMUNITY. SAFER COMMUNITY.

1 **It gives you better protection against the virus.**

You can still get COVID-19, but you're less likely to become seriously ill or have to go to hospital.
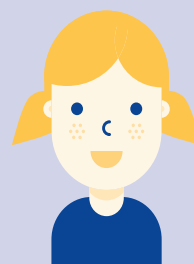

COVID-19 VACCINE

2 **The Moderna and Pfizer vaccines are safe for you and your baby.**

Tens of thousands of healthy babies have now been born to vaccinated women. The vaccine also doesn't cause infertility.
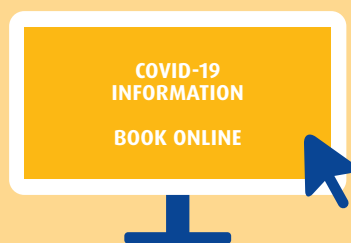

3 **It's free and available to anyone 5 years of age and older.**

The vaccine is the best way to keep your child from getting very sick.

4 **The booster protects you and others even more.**

It makes sure your protection is stronger and lasts longer – and it helps prevent the spread.

COVID-19 INFORMATION

BOOK ONLINE

5 **We're here to help**

Our community and the City of Salisbury can help you get more information and book your vaccination.
