Non hazardous waste that isn't suitable for the bins above.

Every household within the City of Salisbury has access to three kerbside bins. The yellow-lid and green-lid bins are collected fortnightly on a rotating basis, while your red-lid bin is collected weekly.

The above map provides a handy guide on whether your household falls into the Week 1 or Week 2 bin collection schedule. Make sure you consult the correct calendar – either Week 1 or Week 2 – when viewing the enclosed schedule.
