

Kingswood Crescent, Paralowie

Option 1: Both sides of street

Algerian Oak
Quercus canariensis

A handsome moderate to large sized broadly domed tree, that can adapt to a range of growing conditions. Drought tolerant, fast growing and long-lived.

Local example: Arden Ave, Lockleys

Option 2: Both sides of street

Japanese Elm
Zelkova serrata 'Green Vase'

A deciduous tree, up to 12m in height, with a vase-shaped canopy. It has bright, green foliage that turns red and yellow in autumn. This tree is tolerant of a range of climatic conditions.

Is recommended for small verges.

Local example: Devereux Road, Beaumont.

Option 3: Both sides of street

Nettle Tree
Celtis australis

A deciduous tree, up to 10m in height, with a rounded, dense canopy of glossy, green foliage. Flowers are insignificant.

This tree is suitable for a range of conditions and soils, and is drought tolerant. It is recommended for medium verges and is SA Water approved.

Local example: Lamington Street, Para Hills.
