

# Panto Avenue, Paralowie

## Option 1: Both sides of street

Coral Gum  
*Eucalyptus torquata*

An evergreen tree, up to 8m in height, with an open crown of grey-green foliage. It has a rough dark trunk and showy orange-pink flowers for most of the year. This tree is recommended for small verges and under powerlines, and it is SA Water approved.  
**Local example:** Salisbury Highway, Parafield Gardens.

## Option 2: Both sides of street

Red Flowering Gum  
*Corymbia ficifolia*

An evergreen tree, up to 10m in height, with a dense canopy and prolific red flowers. This tree will tolerate a range of soils and climatic conditions. This tree is recommended for medium verges and under powerlines.

## Option 3: Both sides of street

Jacaranda  
*Jacaranda mimosifolia*

A deciduous tree, up to 12m in height, with a spreading canopy. It has fern-like foliage and profuse purple flowers that appear in spring and summer. This tree is recommended for medium width verges and is SA Water approved.  
**Local example:** Goodall Crescent, Salisbury; Davis Street, Salisbury
