

Population (estimated resident)

Headline Figure: 143,560 (2019)

Why this indicator is important

The estimated resident population is the official population figure for an area based on ABS standard geographic areas including local government area. A growing population can indicate a growing economy

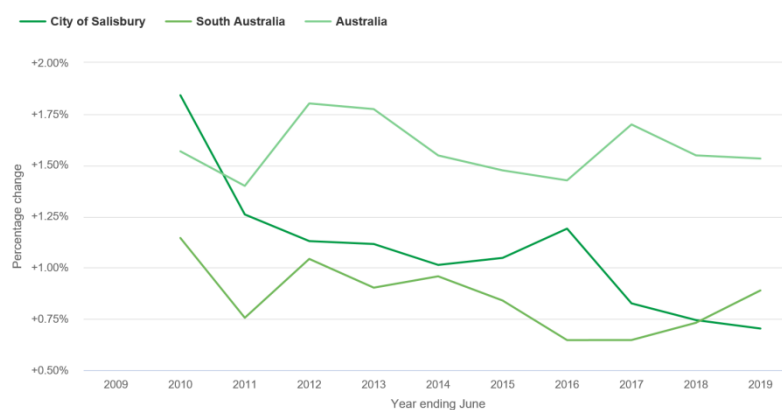

Current Performance

Salisbury's population has been steadily increasing, with a growth of 14,706 persons since 2009, an increase of 11.41%. Between 2019 and 2036 population is projected to be 153,520 persons or 6.93% growth. However, some areas may grow more rapidly while others remain static or even decline in population.
