## Gillian Aldridge, OAM Mayor of Salisbury

More than 7,400 business call the City of Salisbury home and have a key role to play in our community.

Unfortunately, it is safe to say the first half of 2020 has been particularly tough for many of our businesses. Nobody has been immune to the widespread impact of the COVID-19 virus on the consumer landscape and economic flow-on. While many businesses grappled to rapidly adjust to a new way of doing business to suit the changing environment, others were forced to close for a matter of months.

These challenges serve to underline the importance of putting local businesses first.

Salisbury offers a variety and even some hidden gems whether you are seeking food and beverages, retail or a raft of other services such as healthcare, trades, or real estate.

Council launched the #ShopSalisbury campaign earlier this year to highlight what Salisbury has to offer, give businesses an opportunity to promote themselves and to make supporting local easier for community members.

The website [www.shop-salisbury.com.au](http://www.shop-salisbury.com.au) has been launched as a directory, where businesses can sign up to be featured for free and you can read the latest updates in local business news.

This edition of Discover Salisbury has been repurposed to make it easier again for you to see what's available in our City while reinforcing our vision as a progressive, sustainable and connected community.

I hope you take a moment to have a look through and next time you are seeking a service, please consider shopping local where possible to support our businesses.

## FREE EVENT PROMOTION

## Aqua Pura Fruit Splash

Our range began in 1992, when we decided to combine our Aqua Pura range with natural fruit flavour, lightly sweetened to enhance the fruity taste. Our new range is bursting with natural fruity flavour – minus the sugar, calories and guilt.
