COMMUNITY LAND MANAGEMENT PLAN

PLAN NUMBER 2 - 2019

Community Land: Vacant and Undeveloped Land and Land Specifically Modified or Adapted for the Benefit or Enjoyment of the Community

Identification Details

This Management Plan relates to those Council properties listed in the Community Land Management Plan 2 - Land Register, which will be available for viewing as a link on the City of Salisbury Website, independent of this document. This link will access a register of land, to be updated at intervals no longer than every three months.

These properties are vacant and undeveloped, or have been specifically modified or adapted for benefit or enjoyment of the community.

Ownership Details

- The owner of each property is specified in Community Land Management Plan 2 - Land Register
- The details of any trust, reservation, dedication or other restriction affecting land not in the Council's ownership is stated in Community Land Management Plan 2 - Land Register
- Information relating to any Native Title claims affecting the properties is stated in Community Land Management Plan 2 - Land Register

Purpose for Which Land Is Held

Council is required by Section 7 of the Local Government Act 1999 to 'provide services and facilities that benefit its area, its ratepayers and residents, and visitors to its area'. The land listed in Schedule 1 is leased or licensed, or subject to special permits issued by Council to provide passive and active recreational facilities for the community and other visitors, and to accommodate the needs of communication or service authorities' facilities and structures.

Council may, subject to the provisions of Section 202 of the Local Government Act 1999, grant a lease, licence or permit over the whole or any part of the land listed in Community Land Management Plan 2 - Land Register, during the life of this management plan.

Schedule 1 to the Management Plan lists the different types of land under 'Management Issues'. Each type of land is held for a different purpose, which is reflected in Schedule 1 giving rise to Performance Targets and Performance Measures.

Management Proposals

Community land provides important focal points for community identity, social interaction, sport, recreation and culture. Community land should be accessible to local communities and visitors and provide a safe, functional environment sensitive to local culture, heritage and needs of the community for current and future generations. Management issues and proposals for community land that is vacant and undeveloped or specifically modified or adapted for benefit or enjoyment of the

community are detailed in Schedule 2.

Objectives, Policies & Proposals

Council seeks to ensure that all of its assets are utilised to their maximum potential. Community land serves to meet the Council's desire that residents are able to partake in a range of activities to assist in achieving a balanced life incorporating recreational opportunities.

Council strives to conduct business and make decisions with the best interests of the community in mind. Subject to relevant provisions of the Local Government Act 1999 and other applicable legislation Council aims to plan for, develop and manage local areas, services and infrastructure to provide appropriate services and facilities to meet the present and future needs of local communities.

Given this, Council and Council representatives may make decisions in line with Council's City Management Plans, decision and order making policies, delegations register and by-laws, as are deemed appropriate under the relevant circumstances from time to time and in line with Sections 198 through to 207 of the Local Government Act 1999.

The granting of a lease, license or permit formalises the use of community land by organisations providing facilities or services for the benefit of the community. For further details, please refer to Community Management Plan 1.

Performance Targets

When referencing acceptable or reasonable standards, the performance targets as outlined in Schedule 1 are based on legislation, policies, procedures, guidelines, codes of practice, plans and schedules which provide benchmarks to which Council is either legally bound to comply, or may seek to comply where no legal benchmark prevails. These are subject to modification from time to time in order to keep up with relevant changes to legislation, policies, procedures, guidelines, codes of practice, plans and schedules.

Acceptable and/or reasonable standards are such that can be considered fair, proper or moderate under the circumstances. A satisfactory condition is such that a reasonable person would consider meets certain requirements or standards, taking into account relevant circumstances as specified within Schedule 1.

Performance Measures

Council will measure how it has managed its community land in accordance with various guidelines, maintenance schedules, codes of practice, policies and programs and reporting structures more particularly identified and detailed in Schedule 1.

Performance measures have been based on numerous Council policies and maintenance plans/schedules which exist outside of this Management Plan and which are available for viewing on the City of Salisbury website and/or Council Offices. These policies, maintenance plans and schedules may be subject to change from time to time, and consequently this Management Plan should be read in conjunction with the policies, maintenance plans and schedules which are current at any point in time.

Council/Government Policies

Legislation, Council policies and plans will impact upon Council's management of its community land. These include but are not limited to:-

City of Salisbury By-Laws
Access and Equity Policy
Corporate Focus 2003-2006
Cultural Strategy
Local Government Act 1999
Development Act 1993
Native Vegetation Act 1991
Native Title (South Australia) Act 1994
National Parks and Wildlife Act 1972
Natural Resources Management Act 1994
Work Health Safety Act 2012
IPOS (Irrigated Public Open Space) Program

Council will also be impacted by any other Council or Government policy that affects maintenance and development of the land for the purpose it is held.

Development

There are no immediate plans to further develop this land, however subject to compliance with the requirements of all relevant legislation the Council may seek to sell, dispose of or alienate this land from community use in line with the provisions of the Local Government Act. The Council may, during the life of this management plan grant leases, licences and permits over the whole or portion of the property, and develop or permit development of the land by the erection of buildings or structures or other improvements which will enhance or provide benefit to the community in the use of the land.

Review and Amendment of Plan

The plan will be reviewed as soon as practicable before there is a substantial change to any element. Any proposed amendments will be implemented in accordance with the requirements of Section 198 of the Local Government Act 1999.

Community Land Management Plan 2 - Land Register is a register of Council's land holdings and shall appear as a separate addition to the plan on the City of Salisbury website, and shall be updated at no less than three-monthly intervals.

Schedule 1 of the Management Plan outlines how Council proposes to manage portions of the land identified in Community Land Management Plan 2 - Land Register. Schedule 1 is subject to change due to amendment of legislation, policies, guidelines, codes of practice, maintenance plans and schedules which occur from time to time. It is recommended that this Community Land Management Plan be read in conjunction with external resources.

This Plan should be read in conjunction with Council's Strategic Asset Management Plans as well as all relevant legislation, policies, guidelines, codes of practice, maintenance plans and schedules which are current at any point in time; should amendments, additions, cancellation or alterations to the above occur, the reader is able to access the most up to date information.

Adopted by Council at a meeting held on **//******
