## Welcome

The Watershed Creative Prize serves to recognise and acknowledge the theme of Sustainability within our City of Salisbury Community.

The City of Salisbury is committed to Sustainability and has articulated its commitment in its City of Salisbury City Plan 2035, identifying the maintenance of a Sustainable City as one of its key pillars.

The plan's foundations are identified as:

- Salisbury has a balance of green spaces and natural environments that support biodiversity.
- We make the most of our resources including water, waste and energy.
- Our community, environment and infrastructure are adaptive to a changing climate.

## What Is Sustainability?

Sustainability focuses on meeting the needs of the present without compromising the ability of future generations to meet their needs. The concept of sustainability is composed of three pillars: economic, environmental, and social - also known informally as profits, planet, and people.

## The City of Salisbury – Our Vision

Council's vision is to ensure Salisbury is a progressive, sustainable and connected community.

Our principles as a sustainable Salisbury:

- Sustainability governance – implementing strong governance structures with clear lines of accountability across the organization.
- Intergenerational equity – acknowledging our responsibility in ensuring we meet the environmental, social and economic needs of the current generation and meet future generational needs.
- Innovation and technology – we will seek opportunities to build on our strength and grow low carbon and circular industries and technologies.
- Evidence based decision making – we will use data to make informed decisions and understand community needs and expectations in long term planning and initiatives.

## The Categories:

### TRADITIONAL:

- Photography - Photos to be in high resolution.

Printed on canvas or other material. If framed, cannot exceed more than 10 kilos in weight. Maximum size 1m x 1.2m.

- Painting - Can use any medium (i.e. water colour, oils, charcoal, ink, pencil, pastels), may be printed on canvas

or other material. If framed, cannot exceed more than 10 kilos in weight. Maximum size 1m x 1.2m.

### 3D ARTS:

- Sculpture - Maximum of 1 metre tall. Weight will be dependent on movability. Submissions in this category must ensure the piece is able to be moved with suggestions provided as to the most suitable method of transport – i.e. sack- truck, pallet-lift etc. In this category, City of Salisbury reserves its right not to accept submissions which may not be suitable for display, due to the level of difficulty in transport, but will use photographic representation for judging/selection and possible display.

- Pottery/ceramics - Maximum of 50cm tall by 50cm wide.
- Recyclable inventions – these may be three dimensional items suitable for display.

A \$3000 prize will be awarded to the best entry in both categories – Traditional (Canvas / Photograph) and 3D (Sculpture / Pottery / 3D Design) judged by the panel that best represents the theme of SUSTAINABILITY, plus a Youth Creative Artist Prize (12-25 years) from each of the two categories.

There are also two Runner Up prizes for both categories. The entries of the Watershed Creative Prize finalists will be exhibited in the John Harvey Community Hall for 6 weeks from 29 April to 10 June 2024.
