

# *Cremation Memorial Gardens*

This serene park provides a final resting place and lasting memorials for those who are loved and missed. With a natural setting of large trees, lawn areas and flower gardens, Salisbury Memorial Park expresses the community's respect for the past, and an ongoing commitment to establish a place of remembrance.

A range of cremation memorials are available in various gardens including rose gardens, shrub gardens, niche walls, a water feature and a rotunda. All site fees include the memorial base, plaque, wording, inurnment of ashes, and a 25 year lease.

Unless otherwise stated, the ashes are inurned into the memorial or niche wall.
