Breed	American Staffordshire Terrier x
Sex (M/F)	Female
Colour	Red and White
Other features	N/A
Date impounded	6/04/2025

About me

Hi everyone, my name is Hazel and it's very nice to meet you. I was wondering if you could help me out. You see I am looking for my forever home and wondered if you would like me to come and live with you and be a part of your family, forever. I am told everyday by my carers how sweet I am and they give me the best cuddles ever. I am also energetic and love play time. I have even got to play with some of the other dogs here, so much fun. If you already have a dog at home that's ok, just ask to bring them with you when you come to meet me. If you have kids that would be great too, but older kids are preferred as I must say I am a little jumpy and bouncy and I could accidentally bump little ones over, it's just from pure excitement of getting out there and playing and having a good time, so I would never do it on purpose. They are working with me to try and stop the jumps and they tell me that I am getting better, it's just that I forget myself a bit when I'm out having fun. So hopefully you can keep training me when you take me home. I will promise to try my best I really will. I hope I get to meet you soon, can't wait to start having fun with my new family.
