Colour	Fawn & White		
Vaccination Status	Unknown		
Date impounded	2/04/2025		

About me

Hello, I am Navara and it's nice to meet you. I have recently come to the pound with my sister. I am only a young lady still learning what life is all about. Even simple things like walking on lead. I had never seen one before so I was a little hesitant to have it on me at first but now that I know the lead means – outside time, I get really excited when I see the lead coming my way. I am trying to learn to sit when told and come when I am called, there is so much to learn being a puppy. If I am lucky enough to go home with you could you do me a favour? can please keep up with my training so I can be the best dog I can be. I am already a good girl; my carers tell me all the time how sweet and good I am. I am getting use to be handled, in fact I am quite loving it, and all the cuddles I can get, I am still trying to build my confidence a little, as sometimes new things can make me a little shy at first. I have met other dogs too and happy to meet new dogs. That way I don't have to bother my sister all the time. If you have a dog at home please ask to bring them with you. I hope you want to come and meet me and take me home with you.
