About me

Hi Gang, my name is Rosco and it's great to meet you. Let me tell you some stuff about me. You know how they say "you shouldn't judge a book by its cover" the same goes here too. I look big, strong and scary looking but let me tell you something, I am a big squishy mushy lovable character. I love a good belly rub just so you know.

When I first came here, I was a man of very few words I was a little confused as to why I was here. After a while I let my guard down and realised I was allowed to go outside I just wasn't allowing them to take me. They kept trying, I am so glad they did because I love being outside in the sunshine. Inside time is for belly rubs, I did mention I love them, right? I have met some dogs here and although I too can run and bounce around like a puppy I'm not really into the young pups much, they get a bit much for me, dogs my age or older suits me just fine. I am quite strong and you will need some muscle to hang on to me when going for a walk. I am getting a lot better on the lead and not so pully but will still need to keep up with this training when I get to your house. Until then you better have your weetbix when we go for a walk together.

If you have kids please let us know when you book in, due to my strength little kids might find me a bit much. If you have a dog at home, please ask to bring them with you when you come to meet me. Ok what are you waiting for? Come and get me, I am ready to come and live at your house.
