SALISBURY WATER

Council provides a non-drinking (recycled stormwater and native groundwater) water supply service to a range of customers including local industry, schools, sporting and community groups, some residential properties and to Council reserves, sporting fields and parks and gardens providing improved amenity for the broader community. These fees are set out in accordance with Section 188 of the *Local Government Act 1999* and in line with the *Water Industry Act 2012* as regulated by the Essential Services Commission of South Australia.

Negotiated Price Scheme (for upfront Capital Contribution)

Council may offer an industry, a commercial enterprise, business, sporting complex, or community organisation (i.e. non-residential user) that is a major user of mains water, an incentive to become a Salisbury Water user. In lieu of the non-residential entity partially or completely funding the costs to install Salisbury Water infrastructure to their property, Council may by agreement offer a conditional discounted price on Salisbury Water to that customer for a limited discount period.

Any negotiated price offered to a non-residential user must be justified and approved by the Chief Executive Officer.
