ITEM	SIPSC1
	STRATEGIC AND INTERNATIONAL PARTNERSHIPS SUB COMMITTEE
DATE	06 December 2016
HEADING	Presentation of the Minutes of the Strategic and International Partnerships Sub Committee Meeting held on 14 July 2015
AUTHOR	Bronwyn Hatswell, PA to General Manager, Community Development
CITY PLAN LINKS	3.3 Be a connected city where all people have opportunities to participate. 4.1 Strengthen partnerships that enable us to better address our community's priorities.
SUMMARY	This report presents the minutes of the Strategic and International Partnerships Committee meeting held 14 July 2015, to allow them to be taken as read and confirmed by the Committee.

RECOMMENDATION

1. The Minutes of the Strategic and International Partnerships Sub Committee Meeting held on 14 July 2015, be taken and read as confirmed.

ATTACHMENTS

This document should be read in conjunction with the following attachments:

1. Minutes of Strategic and International Partnerships Sub Committee Meeting Held 14 July 2015

1. BACKGROUND

- 1.1 The Strategic and International Partnerships Sub Committee (SIPSC) Minutes of the Meeting held Tuesday, 14 July 2015 were presented to the Policy and Planning Committee for adoption of recommendations on Monday, 20 July 2015. The Minutes were subsequently resolved at the Council meeting held on Monday, 27 July 2015:

The information contained in the Strategic and International Partnerships Sub Committee Minutes of the meeting held on 14 July 2015 be received and noted and that the following recommendations contained therein be adopted by Council:

		Resolution No.
<i>SIPSC1</i>	<i>Traineeship Program - Fuji Works and Japan Display Inc</i>	<i>0486/2015</i>
<i>SIPSC2</i>	<i>Strategic International Business Partnership Opportunities</i>	<i>0487/2015</i>
<i>SIPSC3</i>	<i>Education Exchange Program 2015</i>	<i>0488/2015</i>
<i>SIPSCOB1</i>	<i>Strategic And International Partnerships Sub Committee Members Resignations</i>	<i>0489/2015</i>

- 1.2 The SIPSC meeting scheduled for Tuesday, 12 October 2015 did not proceed due to a lack of quorum with all business subsequently presented to the Policy and Planning Committee for consideration at its meeting held Monday, 19 October 2015.
- 1.3 The SIPSC meeting held Tuesday, 12 July 2016 noted the meeting scheduled for 12 October 2015 did not proceed due to lack of quorum and that the Minutes from the meeting held on Tuesday, 14 July 2015 were presented directly to the Policy and Planning Committee held on Monday, 19 October 2015, however, the meeting did not resolve to take the 14 July meeting minutes as read and confirmed.
- 1.4 The minutes of the 14 July meeting were scheduled to be presented to the SIPSC meeting scheduled for Monday, 14 November 2016, however, that meeting was adjourned to December 2016 due to the number of apologies received by the Chief Executive Officer indicating that a quorum would not be present at this meeting.

2. REPORT

- 2.1 The SIPSC Minutes of Meeting held Tuesday, 14 July 2015 were presented to the Policy and Planning Committee for adoption on Monday, 20 July 2015 and Council subsequently resolved the Minutes at its meeting held on Monday, 27 July 2015.
- 2.2 Administratively there is a still a requirement for the Minutes of the SIPSC Meeting held on Tuesday, 14 July 2015 to be taken and read as confirmed by the SIPSC. On that basis, the minutes of the SIPSC meeting held on Tuesday 14 July 2015 are now presented to the Committee.

3. CONCLUSION / PROPOSAL

- 3.1 To enable confirmation of the minutes, and sign off by the SIPSC Chairman, the Minutes of the Strategic and International Partnerships Sub Committee Meeting held on 14 July 2015, are required to be taken and read as confirmed by the SIPSC.
- 3.2 This is an administrative process and does not affect the status of the resolutions already in place.

Moved Cr D Balaza
Seconded Mayor G Aldridge

1. The information be received.

CARRIED

SIPSC2 Strategic International Business Partnership Opportunities

Cr J Woodman entered the meeting at 05:19 pm.

Moved Mayor G Aldridge
Seconded Cr D Balaza

1. That this report be received.
2. The focus of Council's international business partnerships be on developing partnerships with our local business community to build awareness of international opportunities, increase the capability of firms to access those opportunities and link businesses with other programs.
3. That \$25k be considered in the 2015/16 first quarter budget review to undertake a survey to identify firms aspiring to or actively engaged in international trade or investment, the findings of which would inform further consideration of specific international business relations and programs for Council.
4. That the business case for strategic projects requiring external funding include an evaluation of potential investment sources including international sources.

5. That the primary vehicles for developing business partnerships into China be through the Memorandum of Understanding signed on the Premier's delegation to Shandong Province in May 2015, and through the relationship agreement between the City Of Salisbury and Linyi City.

CARRIED

SIPSC3 Education Exchange Program 2015

Moved Cr J Woodman
Seconded Cr D Balaza

DATE.....

ITEM	SIPSC2 STRATEGIC AND INTERNATIONAL PARTNERSHIPS SUB COMMITTEE
DATE	06 December 2016
HEADING	China Action Plan
AUTHOR	Greg Ratsch, Manager Economic Development & Urban Policy, City Development
CITY PLAN LINKS	1.3 Have a thriving business sector that supports community wellbeing, is globally oriented and creates job opportunities. 4.1 Strengthen partnerships that enable us to better address our community's priorities.
SUMMARY	This report provides an overview of activity undertaken over the past twelve months to support the implementation of the China Action Plan. It also outlines the main focus areas for the coming year.

RECOMMENDATION

1. That this information be received.
2. That the following actions be endorsed as the focus for the China Action Plan over the next 12 months:
 - Moving the opportunities identified with the City of Linyi forward and reaching agreement on tangible outcomes;
 - Establishing commercial relationships between firms in Salisbury and buyers in China, building on the linkages developed in the past year;
 - Enhancing the ability of the Polaris Centre to support international trade, consistent with the intent of the critical action in the City Plan;
 - Continued participation in State Government-led initiatives;
 - Development of a more formal relationship with intermediaries and government agencies managing inward investment; and
 - Identifying specific educational and cultural opportunities.

ATTACHMENTS

This document should be read in conjunction with the following attachments:

1. Summary of Actions Undertaken to Support Implementation of China Action Plan

1. BACKGROUND

- 1.1 Council endorsed the China Action Plan at its meeting on 24 October 2015 (Resolution # 0001/2015). The Plan was structured around four main strategies

namely building capability in small business; positioning Salisbury to attract investment; develop strategic partnerships and build Council's knowledge and professionalism. It notes the early focus should be on building capability and engagement, rather than on specific sectoral or commercial outcomes with longer lead times.

- 1.2 The action plan contains an obligation to report to Council on an annual basis outlining activity undertaken.
- 1.3 The Action Plan was noted by the Strategic and International Partnerships Sub-Committee at its meeting on 12 July 2016.

2. CITY PLAN CRITICAL ACTION

- 2.1 Enhance the Polaris Centre's ability to support industry development (including food processing and green industries), international trade, entrepreneurship and engage meaningfully with business.

3. CONSULTATION / COMMUNICATION

- 3.1 Internal
 - 3.1.1 Nil
- 3.2 External
 - 3.2.1 Nil

4. REPORT

- 4.1 As noted in the China Action Plan, the early focus of implementation has been on building capability and engagement, rather than the achievement of specific sectoral or commercial outcomes (which by their nature have longer lead times). A summary of progress against strategies is provided as Attachment 1 to this report.
- 4.2 The main foci have been on increasing engagement with local businesses and building their capability and strengthening Council's relationship with the City of Linyi.
- 4.3 An international trade survey was undertaken to improve Council's understanding of current export activity by firms within Salisbury and their future aspirations. The main findings were:
 - The majority of firms surveyed have never exported and have no intention of exporting;
 - The most popular markets for existing exporters are South East Asia, North America, New Zealand & Europe followed by China;
 - No businesses who are not already exporting are actively considering China;
 - There was moderate interest from local businesses in participating in an international trade program;
 - The most popular forms of support, identified by business, that Council could provide are access to grants, market information, links with in-bound delegations, buyer/distributor identification & group workshops; and
 - Seventeen businesses expressed interest in learning more about opportunities in Linyi.

- 4.4 The main barriers to participating in international trade (more broadly than China) were considered to be:
- Lack of information and understanding of what export entails;
 - Limited resources and at full capacity looking after domestic markets;
 - Perceived and actual complexity;
 - Lack of confidence;
 - Exporting considered resource intensive and whether the return on investment warrants the commitment and risk; and
 - Perceived to be easier to increase sales locally.
- 4.5 During the past twelve months there has been a significant deepening of Council's relationship with Linyi. The Friendship Agreement between Salisbury and Linyi was formalised in November 2015. Following this, the Mayor, Chief Executive and Manager Economic Development and Urban Policy visited Linyi in April 2016. Subsequently a government delegation from Linyi visited Salisbury on 25 July 2016 and a small business delegation visited Salisbury on 15 November 2016. A full report of the visit to Shandong was presented to Council at its meeting held on 23 May 2016, and provided for information as an attachment to Item SIPSC2 of the July 2016 of the sub-committee.
- 4.6 These visits have enabled Salisbury to increase awareness of the opportunities that exist in Linyi and have exposed officials from Linyi to commercial opportunities in Salisbury and South Australia more broadly. Various opportunities discussed, and that are being progressed, have included:
- Establishing a Salisbury/South Australian presence within Linyi;
 - Establishing a point of contact in Linyi for Salisbury firms seeking to export to China to receive preliminary advice about market opportunities and potential buyers;
 - Establishing a MOU between the Linyi Business Alliance and Salisbury's Northern Economic Leaders to develop a structured approach to business to business activity; and
 - Staff exchange between Salisbury and Linyi Governments.
- Other opportunities identified that have not yet been progressed include:
- Technology transfer in relation to water; and
 - Cultural exchange activities relating to Adelaide's festivals program.
- 4.7 The recent visit to Salisbury by Linyi business leaders, including the head of the China Council for Promotion of International Trade (CCPIT), resulted in the signing of three MOUs:
- Between the CCPIT and the City of Salisbury to progress the trade and investment elements of the existing Friendship Agreement between Council and the City of Linyi;
 - Between the CCPIT, Council (Polaris Centre) and the Australia China Business Council to develop a business to business relationship including personnel exchange and progress a platform for the sale of South Australian food and wine in Linyi; and
 - A commercial MOU between the CCPIT and Golden North.
- 4.8 Across South Australia there has been an increased interest among Councils in actively engaging with China. The Local Government Association has formed a Shandong Working Group that meets regularly; the SA-Shandong Connect web

platform has been developed; and various discussions have occurred between South Australian Councils with civic relationships in China to develop a collaborative model.

- 4.9 Over the coming year the main focus will be on:
- Moving the opportunities identified with the City of Linyi forward and reaching agreement on tangible outcomes;
 - Establishing commercial relationships between firms in Salisbury and buyers in China, building on the linkages developed in the past year;
 - Enhancing the ability of the Polaris Centre to support international trade, consistent with the intent of the critical action in the City Plan;
 - Continued participation in State Government-led initiatives;
 - Development of a more formal relationship with intermediaries and government agencies managing inward investment; and
 - Identifying specific educational and cultural opportunities.

5. CONCLUSION / PROPOSAL

- 5.1 This report provided an overview of the activity undertaken over the past twelve months to support the implementation of the China Action Plan. It also outlines the main focus areas for the coming year.
- 5.2 The Sub-committee is requested to consider the actions listed under paragraph 4.9 of this report as the recommended focus for Council over the next 12 months.

Progress Report on Implementation of China Action Plan

STRATEGY 1: Business Growth	
Assist Salisbury organisations to secure business opportunities arising from China's growth	
Actions	Progress
Complete a comprehensive survey of international trade activity and intentions of businesses within Salisbury	International trade survey completed.
Deliver a program of activity through the Polaris Centre to assist businesses across northern Adelaide to export to China.	New initiative bid developed and approved as part of 2016-17 budget process for international business development program. The program is made up of the following actions below relating to Strategy 1 of the Action Plan.
Identify and engage mentors to provide practical and focussed support to businesses seeking to engage internationally.	To be pursued in the coming twelve months as part of the international business development program
Establish, utilising the corporate expertise in NEL, a business to business strategy to support SMEs considering Chinese investment and trade opportunities.	Not progressed at this stage given the focus of NEL has been on regionalisation. However nine firms were identified in the international trade survey who are willing to provide information and advice to new and intending exporters (several of whom are actively involved in international trade with China). Initial discussions have been held with some of these firms.
Develop an ongoing program of events to raise aspirations of small businesses to consider opportunities internationally, including China.	Various events held, with around 120 registrations, including: 1 December 2015: China and South Australian Manufacturing 19 April 2016: Exporting On-Line into China 23 September 2016: China Business Training In addition, an exporter showcase to be held at Osmoflo is scheduled for 15 November 2016)
In conjunction with the private sector and/or government, establish an in-market presence in Shandong.	Discussions have been held with senior staff of the National Linyi Economic and Technological Development Area to provide market information regarding commercial opportunities in Shandong to City of Salisbury businesses. An informal arrangement has recently been put in place with information about potential buyers so far provided to one Salisbury firm. Potential exists for an MOU to be developed between City of Salisbury (Polaris Centre) and the IMC Bonded Warehouse (The IMC Bonded Warehouse which is situated inside the Linyi Free Trade Zone has aspirations to become the largest import commodity gathering centre in China).
Link firms with specialist organisations to identify and assist with appropriate market entry strategies.	Firms have been linked with organisations such as TradeStart, the Australia China Business Council and Austrade as appropriate.

STRATEGY 2: Attracting investment	
Position Salisbury for Chinese Investment	
Actions	Progress
Maintain and further develop the Makes Good Business Sense website, prospectus and supporting material to target Chinese investment.	Makes Good Business Sense prospectus updated and translated into Mandarin. Chinese language documents uploaded onto Makes Good Business Sense website. Various opportunities discussed with potential investors.
Develop comprehensive investment cases for Council priority projects where appropriate.	Not progressed at this stage. Scheduled for development in 2017-18.
Liaise regularly with Invest SA, Austrade, DSD and PIRSA to develop and promote potential investment opportunities, including those within the Salisbury City Centre.	At this stage these relationships have been developed on a relatively informal basis with liaison being shaped around specific opportunities. It is expected that a more formal approach will be developed in 2017-18.
Work with migration agencies and the South Australian Government to identify opportunities to increase the rate of business migration into Salisbury.	Participating in Australia China Business Council and Immigration SA <i>Trade and Investment Fair</i> at the Adelaide Town Hall on 8 November 2016.
Increase the number of Chinese students living in Salisbury	
Action	Progress
Work with the University of South Australia to investigate the development of high quality student accommodation at Mawson Lakes.	The University of South Australia is not progressing the development of student accommodation this at this stage. However the private sector is active in providing student accommodation with planning consent given for 80 student dwellings in Capital Street, Mawson Lakes.

STRATEGY 3: Partnerships	
Develop partnerships that have the potential to increase engagement with China	
Actions	Progress
Further develop linkages with Linyi City.	Friendship City agreement signed on 9 November 2015. Mayor, Chief Executive and Manager Economic Development & Urban Policy visited Linyi from 7-10 April 2017. Various discussions held with senior government officials and business leaders. Delegations from Linyi hosted on 9 November 2015 and 25 July 2016. Site visits were made by Chinese delegates to Adelaide Produce Markets, Flight Training Adelaide, Codan, University of SA, Bickfords and Purus Group. Buyers visit from Linyi scheduled to visit Salisbury on 15 November 2016.
Investigate the opportunity for Northern Economic Leaders to enter into an MOU with the Linyi Municipal Bureau of Commerce.	Not progressed at this stage given the focus of NEL has been on regionalisation. Firmer opportunity exists to formalise relationship between Australia China Business Council and the Linyi branch of the China Council for the Promotion of International Trade.
Participate in broader initiatives to increase engagement with China	
Actions	Progress
Actively contribute to the development and implementation of the MOU administered by the LGA to increase trade and investment between South Australia and Shandong prefectures.	Participation in Local Government Association Shandong Working Group including input into development of SA-SD Connect (a web-based platform to link buyers and sellers in South Australia and Shandong). At this stage four businesses from Salisbury have registered on this platform.
Link with other Councils that are developing relationships with Chinese Cities, including investigating a regional approach with the City of Playford and the City of Port Adelaide Enfield.	Cross-local government approach to leveraging benefits of civic relationships developed with Adelaide (Qingdao), Onkaparinga (Jinan), Playford (Zibo) and Charles Sturt (Yantai) progressed.
Match local firms with inbound and outbound trade delegations organised by industry associations.	Matching of businesses to delegations has largely focussed on state government organised delegations rather than those organised by industry associations. These have included in-bound and out-bound visits to Shandong. Approximately five delegation opportunities were promoted to firms.
Partner with the South Australian Government as it implements the South Australia-China Engagement Strategy.	Mayor, Chief Executive and Manager Economic Development & Urban Policy participated in State Government-led visit to Shandong in April 2016. City of Salisbury hosted one day of the Shandong Mayors' Training Program on 1 July 2016 with briefings provided on water management, urban design (focussed on Mawson Lakes) and site visits to SA Water Wastewater Treatment Plant and Dry Creek Saltfields.
Work with local education institutions that have a relationship with counterparts in China to explore commercial and cultural development opportunities.	Not progressed at this stage. Scheduled for development in 2017-18.

Capitalise on the presence of an international student community	
Action	Progress
Actively support internships of Chinese students to help local SMEs engage with China by assisting with language, cultural understanding and in-market knowledge.	Not progressed at this stage. Scheduled for development in 2017-18.

STRATEGY 4: Knowledge and professionalism	
Develop Council's internal processes and approach to support deeper engagement with China	
Actions	Progress
Further refine the membership of the Strategic and International Relations Sub-Committee to provide a high-level of strategic advice and input to Council.	Membership altered.
Identify and appoint, on a contract basis, an adviser to help shape Council's China programs, raise cultural awareness within the organisation, support investment opportunities and participate in targeted business meetings/events.	Norman Waterhouse engaged.
