ITEM	YC2 YOUTH COUNCIL SUB COMMITTEE
DATE	07 December 2021
HEADING	Recycle Bin - Salisbury Community Hub and Twelve25 Youth Centre
AUTHOR	Elizabeth MacGillivray, Senior Civil Environmental Engineer, City Infrastructure
CITY PLAN LINKS	2.2 We make the most of our resources including water, waste and energy 4.2 We deliver quality outcomes that meet the needs of our community
SUMMARY	There is no third party that provides, manages and maintains a recycling drop-off station for the items listed (disposable coffee cups, facemasks, stationery and soft plastics). Any system established for these would therefore require active management and coordination by Council staff. Soft plastics and stationery can be recycled through existing systems provided by others. At this time the collection and recycling of disposable coffee cups is not viable for Council. Boxes for the collection and recycling of disposable facemasks will be purchased for use at Twelve25 and the Salisbury Community Hub. Dissemination of communication regarding recycling and waste management, in languages other than English, will be addressed in digital and print media.

RECOMMENDATION

That Council:

1. Notes the report
2. Approves the purchase and implementation of Terracycle boxes at Twelve25 and the Salisbury Community Hub for the collection and recycling of disposable face masks, with the collection rate to be monitored, reviewed and reported to the April 2022 meeting of the Youth Council subcommittee.

ATTACHMENTS

There are no attachments to this report.

1. BACKGROUND

- 1.1 At its meeting held on Monday, 23 August 2021 Council supported the recommendation from the Youth Council Sub-Committee and resolved:

“1. That the Council give in principle support to funding and installing a Recycling Hub within the Salisbury Community Hub and the Twelve25 Youth Centre that consists of a convenient and accessible place to recycle disposable coffee cups, disposable face masks, stationery, and soft plastics.

- *For the information about the Recycling Hub to be accessible (via social media, and for people with disabilities) and distributed in diverse languages, to include culturally and linguistically diverse people.*
2. *That Council Staff investigate the best way to manage the Recycling Hub, including but not limited to, using the following as means of recycling:*
 - *NAWMA*
 - *The Coffee Cup Recycling Bin: Quote is \$850 and the City of Salisbury can design a wrap with the logo and messages as they choose, with the ongoing cost of postage: <https://www.ecoenviroconcepts.com>*
 - *TerraCycle: Recycles disposable face masks, with the initial cost approximately \$250. TerraCycle also offer stationery collection points: <https://www.terracycle.com/en-AU/>.*
 3. *That Council report on this initiative at its next Youth Council Subcommittee meeting, and provide a re-occurring update each meeting on the action occurring to combat the current climate crisis.”*

Resolution Number 1075/2021

2. CONSULTATION / COMMUNICATION

2.1 Internal

2.1.1 Twelve 25 Youth Centre Team Leader

2.2 External

2.2.1 Terracycle

2.2.2 Eco Enviro Concepts

2.2.3 Northern Adelaide Waste Management Authority (NAWMA)

3. REPORT

- 3.1 Council is aware of the need to avoid and reduce waste produced, as well as reusing and repairing items where possible. Recycling of materials is the next step, following repair, in the waste hierarchy, where disposal is the last step and the least preferred. Council’s vision includes sustainability, which incorporates our use of resources.
- 3.2 Council currently utilises reused and recycled materials in a number of areas such as renewal of kerbing, roads and paths, for example. Recent work with NAWMA has resulted in diverting small glass pieces from landfill to reuse in the establishment of a new shared use pathway.
- 3.3 Council has also received funding for the provision of kitchen caddies to residents so that food organics can be collected easily in the home and placed in the kerbside green waste bin, to divert the organic material from landfill. This initiative will be rolled out during the first half of 2022.

- 3.4 Council staff have explored provision of a Recycling Hub to collect and recycle the items listed in the resolution – disposable coffee cups, disposable face masks, stationery and soft plastics. An established Recycling Hub cannot be obtained as a complete package from a third party, to be managed by an external contractor. Any such hub incorporated into Council’s facilities will require active monitoring and management by Council staff
- 3.5 NAWMA do not currently have the facilities to recycle disposable coffee cups, disposable face masks, stationery or soft plastics. If these items are placed into the yellow-lid recycling bins they will be disposed to landfill.
- 3.6 Information about recycling is available from the City of Salisbury and NAWMA websites.
- 3.7 The City of Salisbury recycling page of the website can be updated to include information about where these and other different waste streams can be taken to be recycled.
- 3.8 The City of Salisbury Facebook page occasionally includes posts about waste management, including recycling. Information regarding the waste items raised in the resolution (coffee cups, disposable face masks, stationery and soft plastics) can be included as part of these posts.
- 3.9 Green Industries SA maintains a website (whichbin.sa.gov.au) where information regarding how items can be recycled can be obtained.
- 3.10 There is also a Youth in Salisbury Facebook page. Posts about waste management and different recycling/disposal options can also be included on this page.
- 3.11 NAWMA has a range of flyers published in languages other than English. These can be obtained from NAWMA for distribution to residents upon request.
- 3.12 Options for recycling the items listed in the resolution have been investigated and are outlined in the following points.
- 3.13 Coffee cups
 - 3.13.1 The Coffee Cup Recycling Bin from Eco Enviro Concepts would cost \$1,700 to establish and set up the bins (\$850 each for a bin at the Hub and at Twelve 25). Eco Enviro Concepts would then collect the cups for recycling. The cost of ongoing collection is estimated to be approximately \$1,400 per year. The coffee cups would be collected by Eco Enviro Concepts staff who would drive from Victoria to collect the cups, as there is no local processor for such items.
 - 3.13.2 The Eco Enviro Concepts system for recycling cups requires some training for cleaners and monitoring by staff. Storage space for collected cups would also be required within each location.
 - 3.13.3 The recycling of takeaway coffee cups is problematic as the cups consist of multiple materials that are difficult to separate. There is currently no facility within South Australia that recycles coffee cups. Rather than provide a collection bin, the use of these cups is best avoided and therefore Council would be better served by encouraging the use of compostable or reusable cups (eg. KeepCups).

3.13.4 Compostable coffee cups can be placed in food organics/green organics bins and therefore can be processed by NAWMA's green waste contractor however it can be difficult to determine whether cups are compostable or not. If non-compostable cups are put in green waste, that constitutes contamination of the collected materials.

3.14 Facemasks

3.14.1 Boxes can be purchased from Terracycle for the collection of facemasks. Once the box is full, it is sealed shut and returned to Terracycle for recycling. The cost of posting the full box back to Terracycle is included in the cost of the box.

3.14.2 Terracycle can supply boxes for the collection of facemasks. Terracycle anticipate that 450 facemasks can be collected in a small sized box, which costs \$190, and 1200 masks can be collected in a medium sized box, which costs \$288.

3.14.3 No data is available regarding the number of facemasks likely to be disposed of within the Community Hub or at Twelve25, however the number of masks given to people at the Community Hub is estimated to be in the order of 100 - 250 per week.

3.14.4 As an initial trial, it is proposed one small box be purchased for collection of disposable facemasks at Twelve25 and one medium box be purchased for collection of disposable facemasks at Salisbury Community Hub. The cost to provide this service initially will be \$478 which can be covered from current operational budgets. Should this prove successful then there will need to be an increase in the operational budgets for the two nominated locations and any other locations that are considered into the future.

3.15 Stationery

3.15.1 Stationery (pens and markers) can be deposited at Officeworks for recycling. Both the Elizabeth and Parafield Officeworks offer this recycling service. Pencils can be disposed of in the food organics/green organics bin.

3.15.2 A box for the collection of stationery items can be obtained from Terracycle. A small box costs \$236 and a medium box costs \$399. These boxes can be used to collect tape dispensers, binders, labels, staplers, pens, pencils, markers, paper clips and other stationery items. Once full, the box is sealed and sent to Terracycle for recycling of the items.

3.15.3 As this service is already offered at a facility within the City and nearby, it is not proposed to duplicate this service within Twelve 25 and Salisbury Community Hub.

3.15.4 Twelve 25 may be able to implement a collection point for pens and markers which can then be dropped at an Officeworks store.

3.16 Soft plastics

3.16.1 Soft plastics can currently be deposited in the RedCycle bins located in either Coles or Woolworths in Parabanks Shopping Centre, or other supermarkets within the City of Salisbury.

3.16.2 It is not recommended for soft plastics collection points to be established in the Salisbury Community Hub and Twelve25 but rather promote the use of the RedCycle system for this waste stream.

3.17 Council staff continue to work on a Sustainability Strategy which will set out objectives and the actions Council plans to take in response to the climate crisis. This strategy is expected to be presented to Council during the first half of 2022.

3.18 Once the Sustainability Strategy has been endorsed by Council, updates regarding progress and actions taken can be provided to the Youth Council Sub-Committee.

4. CONCLUSION / PROPOSAL

4.1 Council's vision includes sustainability, an element which incorporates our use of resources of which waste is one, and as such the reduction, reuse and recycling of materials is important.

4.2 There is currently no third party that provides, manages and maintains a recycling drop-off station for the items listed (disposable coffee cups, facemasks, stationery and soft plastics). Any system established for these would therefore require active management and coordination by Council staff.

4.3 Local recycling collection points currently exist for stationery and soft plastics and the community should be encouraged to utilise these.

4.4 Takeaway coffee cups are not easily recycled and there is no South Australian based processing option for these. At this time, establishing a collection system is not viable due to the ongoing cost, management and storage required. Some takeaway coffee cups are compostable and can go into the food organics/green organics bin, however it can be difficult to determine whether cups are compostable or not and compostable cups are currently not standard from local providers.

4.5 Boxes will be purchased from Terracycle and placed at Twelve25 and the Salisbury Community Hub to allow the collection and recycling of disposable facemasks. The initial facemask collection boxes will be monitored and reviewed for ongoing implementation if required.

4.6 Council will improve education and information available to the community regarding the waste hierarchy, recycling pathways for these (and other) items, through various digital and printed media.

4.7 Information about recycling in languages other than English is available from NAWMA. Council staff will work with NAWMA to obtain a range of the available flyers to provide to residents and to incorporate more languages other than English in digital messaging.

1. Project Teams Updates December 2021

1. BACKGROUND

- 1.1 Section 10 of the Youth Council Sub Committee - Terms of Reference outline the purpose and governance of project teams. The project teams are established at the first Youth Council meeting.
- 1.2 In February 2021 the two project teams were endorsed, the teams' focus being;
 - Mental Health
 - LGBTQIA+
- 1.3 Project teams align to several key areas of the Youth Strategic Action Plan 2017-2021; Health and Wellbeing, and Diversity.
- 1.4 Key objectives from the Youth Strategic Action Plan that align with the mental health and LGBTQIA+ projects are:
 - 1.4.1 Listen to youth wellness priorities and develop prevention programs and services based on youth needs
 - 1.4.2 Increase access to positive role modelling and 'safe spaces' for at-risk youth

- 1.4.3 Enhance the positive image of diverse youth populations

- 4.2 Youth Members aligned themselves to one or both project teams based on their skills and interest.
- 4.3 Fortnightly meetings are conducted with each project team.

5. CONCLUSION / PROPOSAL

- 5.1 Project Team leaders coordinate fortnightly meetings.
- 5.2 Project teams collaborate with other organisations to deliver projects

Mental Health Project Team update

November 17th 2021

The Mental Health Team attended a rock decorating session and painted 35 rocks which were then hidden around Salisbury for Halloween. A post was created for the Youth in Salisbury Facebook page to encourage young people to get out in the fresh air, get some exercise and find the rocks.

The team also delivered 2 Mental Health Forums to Salisbury East High School on October 26th 2021 and to Salisbury High School on November 15th 2021

Salisbury East

62 young people signed up to attend this workshop where they participated in activities to promote good mental health and decorated mugs and rocks. The Headspace Youth Reference Group delivered a presentation and engaged the students in conversations. The session finished at lunch time with a sausage sizzle

Salisbury High School

41 students attended this forum where they participated in activities to promote good mental health and decorated mugs and rocks. Talk Out Loud, a youth mental health service delivered a presentation and engaged the students in conversations.

LGBTQIA+ Project Team update

November 17th 2021

The team is currently working with Gender Dive (Headspace) and Salisbury City Rotaract to host an evening of activities, music and consultation with young people from the LGBTQIA+ during Feast Week.

This night will occur on Friday November 19th and young people who are part of the LGBTQIA+ Community from Salisbury High School, Salisbury East High, Parafield Gardens High, Rainbow Volunteers, Gender Dive and Rotaract have been invited to attend.

Youth Council Members will run a consultation with the young people which will provide data for the 2022-2027 Strategic Youth Action Plan followed by a quiz and games.

Resources from Headspace to assist young people from the community who may be struggling to connect to services will be available on the night.
