ITEM	1.1.1
	POLICY AND PLANNING COMMITTEE
DATE	21 February 2022
HEADING	Salisbury North Oval - Precinct Plan Scope Summary
AUTHOR	Clint Watchman, Coordinator Urban Policy, City Development
CITY PLAN LINKS	4.4 We plan effectively to address community needs and identify new opportunities
SUMMARY	Council carried a Motion on Notice (MoN) in July 2021 to give in principle support for developing a Salisbury North Precinct Plan and that further consideration of the plan be presented to the relevant standing committees at a date to be determined prior to the 22/23 budget process. This report provides a summary of the project scope to prepare a Salisbury North Oval Precinct Plan. A detailed consultant brief will be prepared. A 2022/2023 budget bid for \$40k has been prepared for Council to consider as part of the budget process.

RECOMMENDATION

That Council:

1. Notes, that a Salisbury North Oval Precinct Plan will be prepared next financial year subject to budget approval and be based on the scope summary as included in this report (Policy and Planning Committee, 21 February 2022, item no 1.1.1).

ATTACHMENTS

This document should be read in conjunction with the following attachments:

1. Context and Boundary Map

1. BACKGROUND

- 1.1 Council carried the following Motion on Notice on 26 July 2021:

7.1 Motion on Notice: Salisbury North Oval

1. Council give in principle support to developing a Salisbury North precinct plan.
2. That further consideration of the precinct plan be presented to the relevant standing committees at a date to be determined prior to the 22/23 budget process.

[CARRIED 1055/2021]

- 1.2 Salisbury North Oval is a Council reserve located on Bagster Road adjacent the local centre, the Bagster Road Community Centre and Salisbury North Primary (see Attachment 1).
- 1.3 The primary function is a Football Club with associated netball and cricket.

- 1.4 In addition to the formal sports the reserve provides the community with a range of informal recreation opportunities including a skate park, two playgrounds, a netball court, basketball hoop and public toilets.
- 1.5 The Football Club itself is located on privately owned land with frontage to Bagster Road and vehicle access from Bagster Road and Cheney Terrace. The Football Club has carparking on Council land that also provides parking for community wanting to use the reserve.
- 1.6 The Football Club was formed in 1954. The original clubrooms were constructed from wooden packing cases acquired from the General Motors Holden factory. The Club was then replaced by a brick building which underwent several extensions over the years. In 1994, the club was granted a Gaming Machines Licence which proved successful and in 1996, a \$1.3m upgrade of the clubrooms was completed. Prior to the introduction of poker machines, the membership was 380 and by 1999 had risen to 6,300. In 2005, the club spent \$950k to upgrade the Anstey Bar and build a modern bingo facility (*Source: snfc.com.au club history web page*).
- 1.7 The Northern Districts Gem and Mineral Club Inc (Gem Club) are located on the southern side of the Football Club rooms on the corner of Bagster Road and Cheney Terrace. The Club is located in a City of Salisbury building and has a 5-year lease (until 2023). In recent years the Gem Club have made fairly substantial upgrades to the interior of the building which the club funded and managed.
- 1.8 The local centre tenancy mix includes Pho Linh (Asian restaurant), hairdresser, pizza bar, bakery, private art studio, tobacconist and gift shop, butcher and Asian grocer and Incompro (cultural services for Aboriginal people). There appears to be only one vacant tenancy, the old Fastway Supermarket. Incompro occupies approximately half of the tenancies within the local centre.
- 1.9 The Bagster Road Community Centre is located next to the local centre with frontage to Bagster Road and the local centre park. The Community Centre provides childcare as well as a number of other family and support services, community programs and activities, as well as room hire.
- 1.10 Input from Cr Hood and Cr Reynolds on the background and intent of the MoN included:

Football

- The Club is experiencing growth in women's football.
- Changerooms are not unisex or suitable for women's use, including some perceived safety issues due to the physical location.
- Changerooms are located at the back of the clubroom accessed via the shed storage and bin storage area.
- Storage facilities are poorly arranged.
- The potential for the club to expand into land currently occupied by the Gem Club was raised to enable upgraded change rooms and storage areas to be added to the existing club rooms. It should be noted that the Gem Club has a current lease and has undertaken fairly substantial upgrades to the interior of the building, which were funded by the Club.

Cricket

- Senior cricket is “taking a break” but may return next season.
- Milo (Junior) Cricket is still operating and uses the small southern playing field.
- Balls get knocked into some adjoining residents back yards.

Netball

- The netball club uses the existing courts for training.
- Games are played at Parafield Garden Recreation Centre or other external locations.
- Parents save money on training fees by using netball courts at Salisbury North Oval (saving roughly \$5 per training session).
- Keeping training at the site provides opportunity for parents to use the football club and shop locally before or after training, providing an economic benefit to the local area.
- An additional court would be ideal to meet demand. It is understood that the existing court was located to allow for an additional court if the need arose.
- Changeroom and toilet facilities are needed near netball courts which would allow safe and convenient access while training and use by the public during football events.
- Public toilets at the skate park are perceived as unsafe and located too far away from the netball courts.

Pedestrian and traffic movement and management

- There is a conflict between pedestrians and vehicles accessing the car park from Cheney Terrace. This may cause safety concerns for children and parents.

1.11 This report provides further consideration of the development of a precinct plan and a proposed summary of the scope as per part two of the Salisbury North Oval motion (refer Section 1.1 of this report).

- 3.1.4 Team Leader Urban Built Assets
- 3.1.5 Team Leader Natural Assets
- 3.1.6 Team Leader Property

3.2 External

3.2.1 Nil

4. REPORT

- 4.1 There are a number of aspects to consider when assessing the scope of the Salisbury North Oval precinct plan in addition to the locality and facility context provided in the report background (see Attachment 1):
- 4.1.1 The area is physically more constrained (smaller) than places like the Paddocks or Lindblom so there is limited or no opportunity to create new (or expanded) sporting fields.
 - 4.1.2 The location of sporting facilities and buildings are largely fixed.
 - 4.1.3 Existing Council assets such as the playground, basketball courts, public toilet, and skate park are either in good condition and do not need renewal or are relatively new.
 - 4.1.4 The Football Club is located on privately owned land which is owned by the Club. The club rooms have received significant investment over years and are generally fit for purpose, with the exception of change rooms and storage.
 - 4.1.5 Staff have previously investigated traffic options, including blocking off Cheney Terrace. These investigations need some updating. Additionally, broader pedestrian connectivity and movements to access the precinct need to be considered against the Place Activation Strategy.
 - 4.1.6 Options for additional netball courts were tested when the existing ones were designed.
 - 4.1.7 A facility audit is unnecessary due to the fact that the Football Club is privately owned and any upgrades would be undertaken by the Club, who would determine the standards they wanted to apply.
 - 4.1.8 Irrigation to the sporting fields has recently been renewed.

Salisbury North Oval Scope Summary

- 4.2 The budget estimate to engage a consultant to prepare the precinct plan is approximately \$40k. The approach will be similar to the one used for Lindblom Park.
- 4.3 The proposed scope area includes Salisbury North Oval, the adjacent local centre, Bagster Road Community Centre, and the surrounding roads.
- 4.4 Stakeholder consultation would include engagement with;
- 4.4.1 Salisbury North Football Club and their associated Netball and Cricket clubs.
 - 4.4.2 Community consultation with the surrounding residents between Diment Rd and Waterloo Corner Road and from the Little Para River to Parallel Avenue. This would include approximately 1,000 surrounding residential addresses.
 - 4.4.3 The Northern Districts Gem and Mineral Club Inc.
 - 4.4.4 User Groups of the Bagster Road Community Centre.
 - 4.4.5 The local shopping centre owner and the Trinity Medical Centre.
 - 4.4.6 Incompro Cultural Services.
 - 4.4.7 Visitors to the Salisbury North Oval Reserve.

- 4.5 The proposed engagement method would be a mixture of one on one meetings, workshops and surveys.
- 4.6 A neighbourhood sporting audit and needs analysis would be prepared by Council staff.
- 4.7 Asset review would be undertaken by Council staff.
- 4.8 Budget estimates and staging would be prepared by Council staff.
- 4.9 A Council project manager would have oversight of the project and internal administration.
- 4.10 The consultant would manage the consultation, undertake site observations, prepare concept options and a final Precinct Plan.
- 4.11 Based on input from Ward Councillors it is anticipated that some of the elements already identified for consideration would include, but not limited to:
 - Explore the potential impacts of the Club expanding onto the land owned by the City of Salisbury and currently occupied by the Gem Club, along with various options under this scenario.
 - Investigate the potential to block vehicle access at the end of Cheney Terrace.
 - Assess a location (and costs) for new changerooms and public toilet at the netball courts. Open these for use on football game days.
 - Install a high fence or netting along the back of Greencroft Road residents.
 - Install a fence along the back of the shopping centre to hide the back of house and graffiti.
 - Investigate site wide pedestrian movement and vehicle movement and safety considerations.
 - Close or provide shared access to a section of car parking in front of the Football Club rooms and turn into an outdoor dining/shared space.
- 4.12 It is expected that during broader consultation, staff will gain greater insight into opportunities and constraints as they relate to community expectation, sporting opportunities, community need and improvement opportunities.
- 4.13 There will be an opportunity to identify early/quick wins early in the precinct planning process. If these are identified for delivery in parallel with the balance of the precinct planning process, a further report will be brought back to Council for a decision on timing and budget requirements.

5. CONCLUSION / PROPOSAL

- 5.1 A Salisbury North Oval Precinct Plan will be prepared next financial year subject to approval of the 2022/23 budget bid. A more detailed project brief will then be prepared to engage a consultant to prepare the precinct plan based on the scope summary information in this report.
