HEADING Tree Removal Requests - Monthly Update for May 2022

AUTHOR Jamie Hosking, Team Leader Urban Built Assets, City

Infrastructure

CITY PLAN LINKS 1.1 Our City is attractive and well maintained

4.1 Members of our community receive an exceptional

experience when interacting with Council

SUMMARY This monthly report provides Elected Members with updates on

tree removal requests received from residents.

RECOMMENDATION

That Council:

1. Notes the report.

ATTACHMENTS

This document should be read in conjunction with the following attachments:

1. Tree Removal Requests - May 2022

1. BACKGROUND

1.1 At its meeting held on Tuesday, 27 April 2021 Council resolved:

"That a standing report be established for every meeting of the Tree Management Appeals Sub Committee to inform Council of every application received for tree removal and the outcome of that request."

Resolution Number 0916/2021

1.2 Staff currently upload a monthly tree removal request information table to the Elected Members Portal. This document has been adapted to provide further information and will now be reported to each meeting of the Tree Management Appeals Sub Committee.

2. CONSULTATION / COMMUNICATION

- 2.1 External
 - 2.1.1 Various relevant Residents

3. REPORT

- 3.1 The attached tables are a summary of requests for tree removals received and actioned by staff during the past months and has been provided on the Elected Member Portal for May 2022.
- 3.2 Seventy-nine (79) tree removal requests were received in May. Of these requests forty-three (43) were approved for removal including five (5) significant or regulated trees approved through development applications. Thirty six (36) requests were refused. Of these, ten (10) are related to significant or regulated trees under the *Planning Development and Infrastructure Act 2016*.
- 3.3 Tree removal requests often result in ongoing dialogue between the owner of the property and Council on the proposed tree removal and subsequent discussions around the species type and location of the new street tree.
- 3.4 It is important to note that through various annual programs Council plants 2,000 trees each year. These programs include Street Tree Renewal Program, In-fill Planting Program, Tree Screen Renewal Program, Reserve Upgrade Program, Feature Landscape Renewal Program, Greening Program, School Tree Planting Program, Major Projects and ad-hoc planting requests. These tree renewal programs are cognizant of regulated, significant trees or those forming habitat corridors.

4. CONCLUSION / PROPOSAL

4.1 It is proposed that the information contained in the report be noted.

TREE MANAGEMENT APPEALS SUB COMMITTEE

DATE 11 July 2022

HEADING Review of Tree Removal Request - Various Locations

AUTHOR Jamie Hosking, Team Leader Urban Built Assets, City

Infrastructure

CITY PLAN LINKS 1.1 Our City is attractive and well maintained

1.2 The health and wellbeing of our community is a priority

2.1 Salisbury has a balance of green spaces and natural

environments that support biodiversity

SUMMARY In line with the approved tree removal procedure several decisions

relating to the retention of trees have been appealed

RECOMMENDATION

That Council:

1. Approves the lodgement of a development application seeking removal of:

- a. The regulated *Eucalyptus camaldulensis* tree at the rear of 13 Batten Crescent, Pooraka, noting that should the application be approved two replacement trees are required to be planted.
- b. The regulated *Eucalyptus sideroxylon* tree at the front of 4 Addison Street Parafield Gardens, noting that should the application be approved two replacement trees are required to be planted.

ATTACHMENTS

There are no attachments to this report.

1. BACKGROUND

- 1.1 In line with the approved tree removal procedure, residents are able to appeal decisions relating to the retention of trees. This appeal process involves:
 - On-site meeting with residents and Ward Councillors
 - Report to the Tree Management Appeals Sub Committee (TMAS)
 - Notification of outcome to residents

2. CONSULTATION / COMMUNICATION

- 2.1 External
 - 2.1.1 Residents
 - 2.1.2 Ward Councillors in line with the adopted procedures

3. REPORT

3.1 The following appeals have been lodged under the Tree Removal Policy and the residents are seeking removal of the trees.

Street	Suburb	Ward	Trees
13 Batten Crescent	Pooraka	West	1 x regulated Eucalyptus camaldulensis
4 Addison Street	Parafield Gardens	Para	1 x regulated <i>Eucalyptus</i> sideroxylon

3.2 13 Batten Street, Pooraka

Assessment

- 3.2.1 Assessment was undertaken on 8 March 2022, and identified:
 - 1 regulated *Eucalyptus camaldulensis* present within the tree screen at the rear of the property. The health was found to be fair with fair density and foliage colour. The structure was found to be fair with no structural flaws. Remedial pruning and canopy reduction works were recommended and undertaken.

3.2.2 The following table shows the results of the initial assessment carried out on the tree against Council's tree removal criteria:

1	The tree is in an unsuitable location and is unreasonably obstructing approved infrastructure	No, the tree exists within a defined tree screen on Montague Road
2	The tree is inconsistent with the landscape style or character of the local area and/or does not contribute substantially to the landscape or streetscape	No
3	The spacing of trees planted on a standard width verge is inconsistent with the "Street Tree Planting Guide" for that species of tree, in accordance with the Streetscape Renewal Policy	No
4	The tree is diseased and has a short life expectancy or is dead and has no significant landscape or habitat value	No
5	The tree is structurally poor and/or poses an unacceptable risk to public or private safety and/or has a history of major limb failure	No
6	The trees roots are shown to be causing or threatening to cause damage exceeding two thousand dollars to adjacent infrastructure	No, there is no evidence of lift associated with tree roots of the rear boundary fence.
7	The trees roots have resulted in damage to Council's kerb or footpath that has required replacement or substantial repair works on more than one occasion within a 5-year period	No
8	The tree is in the location of a first single driveway of a property	No
9	The tree is in the location of an approved Council development	No
10	The tree has been assessed for removal as part of the "Streetscape or Landscape Redevelopment Program"	No
11	The tree, according to a medical specialist or GP, has been determined to be the cause of a detrimental effect on the health of a nearby resident. Such advice must be in writing	No

12	Genuine hardship	No.
	a. The person/resident is receiving HACC or	
	a community care service or;	
	b. The person/resident does not have the	
	functional ability to relieve the nuisance	
	caused by the tree or;	
	c. The person/resident is aged or frail and has	
	moderate, severe or profound disabilities	
	which prevent them from relieving the	
	nuisance caused by the tree; or	
	d. The person/resident is a carer of a person	
	that meets the above criteria.	

- 3.2.1 The regulated trees when considered against the provisions within the *Planning, Development and Infrastructure Act 2016* would be unlikely to meet criteria for removal and a Development Application would not be supported.
- 3.2.2 Desired Outcome Conservation of regulated trees to provide aesthetic and environmental benefit and mitigate tree loss.

PO1.1	Performance Outcome. Regulated Trees are retained where they	Satisfied	Comments
a)	make an important visual contribution to local character and amenity	No	Visual contribution While the tree offers moderate visual amenity, by virtue of its height and position within the tree screen, the tree does not make an important contribution and is not highly notable relative to other established trees within the locality. Local Character The tree is consistent with the character of the suburb and wider Council area and is consistent with the character of the street.
		l	

PO1.1	Performance Outcome. Regulated Trees are retained	Satisfied	Comments
	where they		
			Amenity The tree provides visual amenity to the street with a dominant healthy canopy. The tree also provide amenity through passive cooling and shade over the
			footpath and road.
b)	are indigenous to the local area and listed under the National Parks and Wildlife Act 1972 as a rare or endangered native species	No	The species is indigenous but not endangered.
c)	provide an important habitat for native fauna	No	Obvious nesting hollows aren't evident

PO 1.3 (a) (i)	Performance Outcome. Tree damaging activity is only undertaken to: remove a diseased tree where its life expectancy is short	Satisfied No	Comments Tree is in good health
(ii)	mitigate an unacceptable risk to public or private safety due to limb drop or the like	No	Tree has no sign of structural issues
(iii)	rectify or prevent extensive damage to a building of value as comprising any of the following A. Local Heritage Place B. State Heritage Place C. Substantial building of value and there is no reasonable alternative to rectify or prevent such damage other than to undertake a tree damaging activity	No	While there is evidence of lifting of the driveway and pavers there appears no visual evidence of structural damage to the building and alternate measure have been undertaken to prevent damage (root barrier installation).

PO 1.3 (a)	Performance Outcome. Tree damaging activity is only undertaken to:	Satisfied	Comments
(iv)	reduce an unacceptable hazard associated with a tree within 20 metres of an existing residential, tourist accommodation or other habitable building from bushfire	NA	
(v)	treat disease or otherwise in the general interests of the health of the tree	No	
(vi)	Maintain the aesthetic appearance and structural integrity of the tree	No	

Appeal

- 3.2.3 Following receipt of appeal against the decision for retention an on-site meeting was arranged.
- 3.2.4 Discussion reinforced the outcome of the tree assessment and justification for retention based on the heath and structure of the trees.
- 3.2.5 It was agreed that due to the potential impact of the tree that it be put forward for recommended removal through a development application.
- 3.2.6 It should be noted that the house has been recently built, the original house was further away from the tree and the new house has moved significantly closer without consideration on the impacts to the existing tree.

3.3 4 Addison Street, Parafield Gardens

Assessment

- 3.3.1 Assessment was undertaken on 17 February 2022, and identified:
 - 1 regulated *Eucalyptus sideroxylon* present within the verge at the front of the property. The health was found to be fair with fair density and foliage colour. The structure was found to be fair with no structural flaws. Remedial pruning and canopy reduction works were recommended and undertaken.
- 3.3.2 The following table shows the results of the initial assessment carried out on the tree against Council's tree removal criteria:

1	The tree is in an unsuitable location and is unreasonably obstructing approved infrastructure	No
2	The tree is inconsistent with the landscape style or character of the local area and/or does not contribute substantially to the landscape or streetscape	No

3	The spacing of trees planted on a standard	No
	width verge is inconsistent with the "Street	
	Tree Planting Guide" for that species of	
	tree, in accordance with the Streetscape	
	Renewal Policy	
4	The tree is diseased and has a short life	No
	expectancy or is dead and has no	
	significant landscape or habitat value	
5	The tree is structurally poor and/or poses	No
	an unacceptable risk to public or private	
	safety and/or has a history of major limb	
	failure	
6	The trees roots are shown to be causing or	No
	threatening to cause damage exceeding two	
	thousand dollars to adjacent infrastructure	
7	The trees roots have resulted in damage to	Yes, there is
	Council's kerb or footpath that has required	some evidence
	replacement or substantial repair works on	of root intrusion
	more than one occasion within a 5-year	in the sewer
	period	(inspection
		being
		undertaken)
8	The tree is in the location of a first single	No
	driveway of a property	
9	The tree is in the location of an approved	No
	Council development	
10	The tree has been assessed for removal as	No
	part of the "Streetscape or Landscape	
	Redevelopment Program"	
11	The tree, according to a medical specialist	No
	or GP, has been determined to be the cause	
	of a detrimental effect on the health of a	
	nearby resident. Such advice must be in	
	writing	
12	Genuine hardship	No.
	a. The person/resident is receiving HACC	
	or a community care service or;	
	b. The person/resident does not have the	
	functional ability to relieve the nuisance	
	caused by the tree or;	
	c. The person/resident is aged or frail and	
	has moderate, severe or profound	
	disabilities which prevent them from	
	relieving the nuisance caused by the	
	tree; or	
	d. The person/resident is a carer of a	
	person that meets the above criteria.	

- 3.3.3 The regulated trees when considered against the provisions within the *Planning, Development and Infrastructure Act 2016* would be unlikely to meet criteria for removal and a Development Application would not be supported.
- 3.3.4 Desired Outcome Conservation of regulated trees to provide aesthetic and environmental benefit and mitigate tree loss.

PO1.1	Performance Outcome. Regulated Trees are retained	Satisfied	Comments
a)	where they make an important visual contribution to local character and amenity	No	Visual contribution While the tree offers moderate visual amenity, by virtue of its height and position within the tree screen, the tree does not make an important contribution and is not highly notable relative to other established trees within the locality. Local Character The tree is consistent with the character of the suburb and wider Council area and is consistent with the character of the street. Amenity The tree provides visual amenity to the street with a dominant healthy canopy. The tree also provides amenity through passive cooling and shade over the footpath and road.

	appearance and structural		
	integrity of the tree		

Appeal

- 3.3.5 Following receipt of appeal against the decision for retention further correspondence with the resident was undertaken.
- 3.3.6 Discussion reinforced the outcome of the tree assessment and justification for retention based on the heath and structure of the trees.
- 3.3.7 It was agreed that due to the potential impact of the tree that it be put forward for recommended removal through a development application.

4. CONCLUSION / PROPOSAL

- 4.1 In accordance with the approved tree removal procedure, some decisions relating to the retention of trees have been appealed.
- 4.2 Site meetings have been completed and recommendations are made regarding the tree removal appeals and actions recorded.

TREE MANAGEMENT APPEALS SUB COMMITTEE

DATE 11 July 2022

HEADING Tree Screen - Kings Road

AUTHOR Jamie Hosking, Team Leader Urban Built Assets, City

Infrastructure

CITY PLAN LINKS 1.1 Our City is attractive and well maintained

> We deliver quality outcomes that meet the needs of our 4.2

community

SUMMARY To provide an update on the below motion.

RECOMMENDATION

That Council:

- Notes the engagement of Project Green to undertake an assessment and action plan for the trees along Kings Road from the expressway to Martins Road.
- 2. Notes that the action plan and the costs to remove the trees will be presented to the Tree Management Appeals Sub Committee in a future report.

ATTACHMENTS

There are no attachments to this report.

1. **BACKGROUND**

At its meeting held on Tuesday, 14 June 2022 the Tree Management Appeals Sub Committee resolved that:

"Notes the correspondence received from Chief Executive Officer Department for Infrastructure and Transport in regards to the Kings Road widening and our request for consideration of the tree screen to be removed.

Request staff to provide a further report to the Tree Management Appeals Sub Committee for the July 2022 meeting advising on further options to address the tree screen including the proposed tree assessment and action plan."

Resolution Number 1375/2022

2. CONSULTATION / COMMUNICATION

2.1 External

> 2.1.1 Nil

3. REPORT

- 3.1 Project Green have been engaged to undertake an assessment of the trees along Kings Road from the expressway to Martins Road. The assessment will consider any tree within the road corridor from the property boundary on each side of Kings Road.
- 3.2 The assessment will be used to inform an action plan for the maintenance/removal of trees.
- 3.3 This study is being funded from existing budgets and is expected to be completed shortly.
- 3.4 The outcomes of the assessment and action plan will be presented to the Tree Management Appeals Sub Committee in a future report.
- 3.5 The trees are within the Kings Road corridor and have historically been maintained by Council.
- 3.6 The report that will be submitted to Council following the Audit findings will outline the associated funding requirements to remove the trees, at which time Council may choose:
 - 3.6.1 to allocate budget to proceed with recommended actions;
 - 3.6.2 Request DIT to complete the works; or
 - 3.6.3 Request DIT to provide Council with funding to undertake the works.

4. CONCLUSION / PROPOSAL

- 4.1 Project Green have been engaged to undertake an assessment and action plan for the trees along Kings Road from the expressway to Martins Road.
- 4.2 The outcome and action plan will be presented to Tree Management Appeals Sub Committee in a future report.
