Considering Proposed Items of Business for LGA General Meetings

Guidelines

February 2019

Version 1

Item GB2 - Attachment 1 - Considering Proposed Items of Business for LGA General Meetings

Introduction

The Local Government Association of South Australia (LGA) schedules two General Meetings each year for member councils to consider items of strategic importance to local government and the LGA. Proposing and voting on items of business for a General Meeting is one of the important ways that member councils participate in the development of policy and strategy on issues and influence the advocacy agenda for local government in matters affecting councils and their communities.

These guidelines have been prepared to assist the LGA Board of Directors (Board), South Australian Region Organisation of Councils (SAROC) and Greater Adelaide Region Organisation of Council (GAROC) to consider the items of business to be placed upon an agenda for an LGA Ordinary or Annual General Meeting. They also provide guidance to member councils to develop and prioritise proposals to submit for consideration.

The *Considering Proposed Items of Business for LGA General Meetings* Guidelines may be reviewed and amended by the LGA Board of Directors from time to time.

LGA Constitution

Section 16 of the LGA Constitution provides guidance about the matters to be discussed at a General Meeting, and the process by which items of business may be proposed for inclusion on the agenda. The requirements of Section 16 are outlined below.

16. Business of General Meetings

- 16.1 *The business of a General Meeting will be to consider items of strategic importance to local government and the LGA as recommended by SAROC, GAROC or the Board of Directors and matters which must be determined under this Constitution at a General Meeting.*
- 16.2 *Any Member may propose an item of business for an Annual General Meeting or an Ordinary General Meeting to SAROC, GAROC or the Board of Directors.*
- 16.3 *No business shall be brought before a General Meeting of the LGA unless:*
 - 16.3.1 *it has been placed on the agenda of an Annual General Meeting or an Ordinary General Meeting by SAROC, GAROC or the Board of Directors taking into account the purpose of a General Meeting set out in clause 16.1; or*
 - 16.3.2 *the business is as stated in the notice of a Special General Meeting, given in accordance with clause 10.*

In summary, the Constitution provides all member councils with the opportunity to submit a proposed item of business to the Board, SAROC or GAROC for approval to be placed on the agenda of a General Meeting. No item of business will be placed upon the agenda for a General Meeting unless it has been approved by one of the relevant bodies, which must consider whether a matter is of 'strategic importance' to local government and the LGA'.

Relevant bodies

As outlined in the Constitution, a member council may propose an item of business to SAROC, GAROC or the Board of Directors. This opportunity is also enshrined within the LGA Membership Proposition, which outlines the rights of members to participate in the development of LGA policy and strategy.

While the Constitution refers to members being able to refer items directly to the Board, the Membership Proposition specifically provides for members referring matters relating to policy and strategy development to either SAROC or GAROC (as relevant).

To provide greater clarity to members about the best pathway for submitting an item of business, the following guidance is provided.

LGA Board of Directors

Items should be referred to the Board if related to:

- the LGA Constitution or Ancillary Documents
- a subsidiary of the LGA
- a commercial service provided (or proposed to be provided) by the LGA
- an activity requiring the allocation of significant resources by the LGA
- any LGA operational matter

SAROC or GAROC

Items should be referred to the relevant ROC if related to:

- the development of LGA policy and strategy
- LGA advocacy activities
- an amendment or addition to the LGA Policy Manual
- an operational matter related to SAROC or GAROC

The Board, SAROC and GAROC may choose to refer items submitted by member councils to each other for advice or consideration. Such referrals will be at the discretion of the Board, SAROC and GAROC.

Guiding principles

The following guiding principles have been developed to provide clarity and consistency to the Board, SAROC, GAROC and member councils about the relevant matters that will be considered in determining whether an item of business will be placed on the agenda of a General Meeting.

1. Strategic importance

The matters discussed at General Meetings should be of strategic importance to local government and the LGA. The policies and activities that are resolved at the LGA General Meetings are important in guiding the priorities and work plans of the LGA, and it is important that the association's resources are focussed on the issues that will be of the greatest benefit to councils and communities.

In determining whether a matter is of strategic importance to local government and the LGA, the Board, SAROC and GAROC will consider:

- whether the item has relevance to and will benefit a particular group (eg regional or metro councils) or the sector as a whole;
- alignment with the strategic plans and business plans of the LGA, SAROC and GAROC;
- the level of urgency required to deal with the issue;
- relevance to the role of local government and the potential positive and negative impacts of the issue on councils and communities;

- whether there are other bodies or industry groups that are better placed to address the issue or undertake the proposed activity; and
- the resources required to execute the policies or activities.

2. Supporting evidence

Good public policy positions need to be supported by solid evidence that the issues are well understood and that the proposed course of action provides the most efficient and effective solution. A strong evidence base is critical to successful advocacy, particularly when trying to change government policy, influence public opinion or attract additional funding.

The Board, SAROC and GAROC will consider whether there is sufficient evidence provided in support of the policy position or course of action being sought. In some instances, an item may be referred back to the submitting council with a request for further information.

In many cases the evidence needed to support a position might not be readily available. In these circumstances it is best for a motion to seek further investigation of an issue and/or further consultation with councils, rather than seeking endorsement of a specific policy position or action. The Board, SAROC and GAROC may propose an alternative course of action, in consultation with the submitting council.

3. Alignment with LGA policy

The LGA Policy Manual is a compendium of principles and policies that have been developed and endorsed by a majority vote of member councils at previous General Meetings. There are a wide range of policies addressing a number of priority issues for the sector.

The policies act as a guide for advocacy and best practice in the sector. In most cases, the LGA Policy Manual can provide councils with a broad direction on how an issue can be resolved and whether further development of a policy position is required.

The Board, SAROC and GAROC will consider the LGA Policy Manual in determining whether a new or amended policy position is required to be endorsed by members to enable the LGA to take the requested action. If the LGA already has a supportive policy position in relation to the proposed item, further consideration by members at a General Meeting may not be required.

4. Resourcing

In some cases, the items of business put forward by members require significant resources to be allocated in order to achieve the desired outcome. Resources may not be available through the LGA to tackle every issue.

Before determining to place an item on the agenda of a General Meeting; the Board, SAROC and GAROC will consider:

- whether resources are available within the LGA to achieve the desired outcome;
- other resources that may be available;
- potential impacts on the LGA budget and business plan; and
- the level of input that will be required by councils or other stakeholders to progress the item.

The Board, SAROC and GAROC may determine not to proceed with (or defer) an item of business if the resourcing required would detract from the achievement of outcomes of greater priority for members.

Determinations by the Board, SAROC and GAROC

After considering a proposed item of business against these guiding principles and having regard to any other relevant factors, the Board, SAROC and GAROC may determine to:

- approve an item of business for inclusion on the agenda of a General Meeting;
- approve an amended item of business for inclusion on the agenda of a General Meeting (in consultation with the submitting councils);
- take no further action;
- request additional information from the submitting council;
- refer an item back to the submitting council or regional LGA for action if it relates to a local or regional issue;
- resolve that the matter be dealt with by the LGA, SAROC or GAROC without progressing to a General Meeting (such as matters requiring urgent attention or actions that can be progressed immediately due to alignment with existing policies and work plans); or
- defer the item to a future General Meeting

The submitting council will be advised in writing of the determination of their proposed item of business.

3. Respectfully recognises that there are some community members who are unaware as to the correct purposes and use of SMART technology, and CCTV cameras by Council.
4. Therefore, for the avoidance of doubt, Council re-affirms that:
 - a) the purpose of SMART technology is to improve Council efficiencies and save council rates for ratepayers, for example through car parking sensors and LED lights that light up and dim based on movement, reducing unnecessary running time;
 - b) it is confirmed that the purpose of rollout of CCTV cameras (all operating without facial recognition) by Council is to help manage occurrences such as graffiti, hoon driving and illegal dumping in the local community.
5. In recognition of the misinformation and myths about Council's limited use of SMART technology, and non-facial recognition CCTV cameras, Council confirms for the avoidance of any doubt that:
 - a) Council has not and will not support the "creation of a new Social Credit Score System." Claims stating otherwise appear to be made by some members of the community, and are false.

 - d) Council has not and will not support the rollout any adverse elements referenced in the fictional novels, George Orwell’s 1984 or Animal Farm. Claims stating otherwise appear to be made by some members of the community, and are false.

 - f) Council has not and will not support 5G towers to be used “to kill or maim people”. Claims stating otherwise appear to be made by some members of the community, and are false.

Further, Council confirms that does not support any mind control devices being installed in residents’ brains. Claims stating otherwise appear to be made by some members of the community, and are false.
 - h) Council has not and will not support any “initiative that prevents or inhibits the movement of private citizens”. Council confirms that it is not proposing a “15 minute city” or like agenda, including “Low Traffic Neighbourhood schemes” and policies to restrict travel of residents including through “climate change lockdowns”. Claims stating otherwise appear to be made by some members of the community, and are false.
 - i) Council has not and will not segregate and not “geofence” the city to reduce carbon emissions through traffic “filters”. Claims stating otherwise appear to be made by some members of the community, and are false.
