*Cr S McKell returned to the meeting at 7.52 pm.*

Moved Cr B Brug

Seconded Cr K Grenfell

That Council:

1. Expresses its concerns around misleading and disturbing information circulated on online platforms and in print form, portrayed as factual information.
2. Encourages the sharing of verified and accurate information and condemns any intentional spread of misinformation and disinformation.
3. Respectfully recognises that there are some community members who are unaware as to the correct purposes and use of SMART technology, and CCTV cameras by Council.
4. Therefore, for the avoidance of doubt, Council re-affirms that:
  - a) the purpose of SMART technology is to improve Council efficiencies and save council rates for ratepayers, for example through car parking sensors and LED lights that light up and dim based on movement, reducing unnecessary running time;

- 
- b) it is confirmed that the purpose of rollout of CCTV cameras (all operating without facial recognition) by Council is to help manage occurrences such as graffiti, hoon driving and illegal dumping in the local community.
5. In recognition of the misinformation and myths about Council's limited use of SMART technology, and non-facial recognition CCTV cameras, Council confirms for the avoidance of any doubt that:
- a) Council has not and will not support the "creation of a new Social Credit Score System." Claims stating otherwise appear to be made by some members of the community, and are false.
  - b) Council has not and will not support the install of SMART technology "on behalf of powerful Globalist Bankers that have infiltrated all councils for many decades through various UN programs aimed at lobbying Mayors and local government officials." Claims stating otherwise appear to be made by some members of the community, and are false.
  - c) Council has not and will not support "rollout any agenda to create a new One World Government as part of the Great Reset." Claims stating otherwise appear to be made by some members of the community, and are false.
  - d) Council has not and will not support the rollout of any elements referenced in the fictional novels, George Orwell's 1984 or Animal Farm. Claims stating otherwise appear to be made by some members of the community, and are false.
  - e) Council confirms that Smart technology is not an attempt to introduce "Digital Currency." Claims stating otherwise appear to be made by some members of the community, and are false.
  - f) Council has not and will not allow 5G towers to be used "to kill or maim people". Claims stating otherwise appear to be made by some members of the community, and are false.
  - g) Council confirms that it is not aware of "a microchip that Elon Musk has produced which he has inserted or is in the process of inserting and/or attaching to residents' brains to control the community". Further, Council confirms that it does not support any mind control devices being installed in residents' brains. Claims stating otherwise appear to be made by some members of the community, and are false.
  - h) Council has not and will not support any "initiative that prevents or inhibits the movement of private citizens". Council confirms that it is not proposing a "15 minute city" or like agenda, including "Low Traffic Neighbourhood schemes" and policies to restrict travel of residents including

---

through “climate change lockdowns”. Claims stating otherwise appear to be made by some members of the community, and are false.

- i) Council has not and will not segregate and not “geofence” the city to reduce carbon emissions through traffic “filters”. Claims stating otherwise appear to be made by some members of the community, and are false.
6. Council confirms that it respects and supports the right to privacy and freedom of the community within the confines of the law.
7. Council confirms that any current and future SMART technology and CCTV rollout has been and will be in accordance with Council policies, State & Federal Government laws.

**CARRIED**  
**0094/2023**

*A **DIVISION** was requested by Cr P Jensen and the following members responded to the Mayor's call as having voted in favour of the **MOTION**:*

#### **US-MWON1 Motion Without Notice: Upgrade of Building Facilities – Salisbury Villa Soccer Club and Pontian Eagles Soccer Club**

Moved Cr C Buchanan

Seconded Cr S Ouk

That Council:

1. Notes the substantial upgrade of building facilities for the Salisbury Villa Soccer Club and new building for The Pontian Eagles Soccer club, and the impact it has had on their finances due to the inability to have access to their clubroom where they would hold regular fundraising opportunities, bar/canteen income, loss of income for hiring out venue and expenses incurred for leasing other grounds and facilities.

- 
2. Notes that the monthly lease fees (building/reserve) are as follows:
    - (a) Salisbury Villa Soccer Club from 1 October 2021 – 30 September 2022 is \$443 per month and from 1 October 2022 – 30 September 2023 is \$461 per month.
  3. That cost of waiving the lease fees be reflected in loss of income at the next quarterly budget review.

### **5.1.1 Code Red and Code Blue Responses To Extreme Weather**

Moved Cr C Buchanan

Seconded Cr B Brug

That Council:

1. Notes the South Australian Government's Extreme Weather Protocol as included in this report (Community Wellbeing and Sport Committee, 24 January 2023, item no 5.1.1).
2. Notes that a trial is currently underway to assess the viability and need for Code Red/Blue shelter solutions in metropolitan locations in the City of Port Adelaide Enfield.
3. Notes that Twelve25 is the preferred location for a potential Code Red/Blue shelter solution as part of the South Australian Government's homelessness response.
4. Notes that further work would be required to prepare and ensure Twelve25 was able to be used appropriately as a site for Code Red and Blue responses.
5. Notes that any shelter solution would need to be provided in partnership with specialist service providers such as the Northern Homelessness Alliance. The provision of shelter solutions outside of the current homelessness response may inadvertently have negative unintended consequences for vulnerable people.
6. Welcomes the State Government and Northern Homeless Alliance Partnership on the opening of Peppertree, and our ongoing partnership with the Northern Homeless Alliance Partnership and continues to call on the Department of Human Services and the Northern Homeless Alliance for the establishment of more services including an outreach service and temporary accommodation in the north.

Before I get silenced tonight, I want the world to know that I DO NOT consent to the bullying and intimidation of The Advertiser nor anybody else. I do NOT apologise to the Onkaparinga Mayor because I believe she and her Council deliberately antagonised their constituents who just wanted a LITTLE common decency and respect by allowing them to hear what is going down in the Public Meeting. I say the news about angry protestors was fabricated LIES!

Hi Sandy. I'm happy to answer this question myself. I don't think anyone else can speak my mind for me... oops, except the WEF and UN foot soldiers.

If you know what a concentration camp is, then you should know that I don't find this funny at all.

[Severina Burner](#) oh dear. I really hope that the council can step in to ensure you're unable to cause any more trouble. Surely [Mayor Gillian Aldridge OAM, City of Salisbury](#) can step in here and at least censure the individual.

**Sandy Holloway**

[Josh Thomson](#) The Mayor can't do anything and it's not easy to remove a Councillor. I once successfully lodged a Code of Conduct against a councillor for her comments on Facebook. She was reprimanded is all. Perhaps if several complaints were made something could be done.

[Josh Thomson](#) The global plan is to censor all of us. Do you not know they view us as hackable animals that will become insignificant. Elon Musk has produced a chip which can be attached to our brains and using AI technology, we will be programmed to think for them.

You'll be censured too.

STILL DON'T UNDERSTAND SMART CITIES?  
Here's a Hitchhikers Guide...

....

REPOSTED:

WHAT DO YOU KNOW ABOUT SMART CITIES?

It is clear many Councillors do not know or understand the origins or indeed the politics of SMART Cities, whilst many others have been "trained" (i.e., lobbied or brain washed) to embrace SMART Cities philosophies without question. Most Councillors seem ignorant or indifferent about how SMART City technologies are likely to impact on the personal freedoms & privacy of residents, nor do residents themselves appear to have been consulted about the financial, social and business costs to ratepayers of these technologies being deployed.

SMART Cities also embrace such concepts as: Net Zero, Geofencing, Geoengineering, Climate

SMART Cities also embrace such concepts as: Net Zero, Geofencing, Geoengineering, Climate Lockdowns, Fourth Industrial Revolution, Decarbonisation, Cashless Society, Central Bank Digital Currency, Basic Income, Social Credit Score, Wealth Redistribution/ Restitution, Transhumanism & much, much more.

## WHERE ARE WE GOING?

SMART Cities is designed to concentrate power over people into the hands of a tiny, influential (usually corrupt) group of powerful elites, in which you & your data is the product & collateral. Initially that will be people such as your local Mayor, a tiny delegation of Councillors (usually aligned to a major political party) & General Managers, property developers, legal firms & the like which will directly or indirectly receive money that filters down from the WEF/UN and other Globalist entities.

In the longer term these people will become the equivalent of Kapos (Jewish prison guards) whose

## MYTHS AND FACTS OF SMART CITIES

MYTH 1: SMART Cities is a "Conspiracy Theory" [... started by Senator Alex Antic].

FACT 1: SMART stands for "Self-Monitoring, Analysis & Reporting Technology". Local Councils, including City of Salisbury, Unley & Adelaide, have provided limited information on plans to roll out SMART City technologies, but sufficient information to demonstrate that Councils are surreptitiously implementing these technologies without informing the public about the risks to their personal safety, privacy & Constitutional rights. In a video of the SMART City billboard in Unley, Senator Antic factually outlines the technology used in the City of Unley.
