ATTACHMENTS

This document should be read in conjunction with the following attachments:

1. Tree Report for 17 Ascot Drive Paralowie

1. BACKGROUND

- 1.1 In line with the approved tree removal procedure, residents are able to appeal decisions relating to the retention of trees. This appeal process involves:
- On-site meeting with residents and ward members
 - Report to the Environmental Sustainability and Trees Sub Committee (ESATS)
 - Notification of outcome to residents

2. CONSULTATION / COMMUNICATION

- 2.1 External
- 2.1.1 Residents
- 2.1.2 Ward Councillors in line with the adopted procedures

3. REPORT

- 3.1 Significant and regulated trees are offered protection through the *Planning Development and Infrastructure Act 2016* (the Act) and require development applications for removal. Objectives for assessment of development applications are contained within the Regulated and Significant Tree Overlay of the Act:

Regulated trees are retained where they:

- *make an important visual contribution to local character and amenity;*
- *are indigenous to the local area and listed under the National Parks and Wildlife Act 1972 as a rare or endangered native species; and/or*
- *provide an important habitat for native fauna.*

Significant trees are retained where they:

- *make an important contribution to the character or amenity of the local area;*
- *are indigenous to the local area and are listed under the National Parks and Wildlife Act 1972 as a rare or endangered native species;*
- *represent an important habitat for native fauna;*
- *are part of a wildlife corridor of a remnant area of native vegetation;*
- *are important to the maintenance of biodiversity in the local environment; and/or*
- *form a notable visual element to the landscape of the local area.*

- 3.2 These objectives are distinct from City of Salisbury criteria for removal, which are not a consideration through the development assessment.
- 3.3 The following appeals have been lodged under the Tree Removal Policy and the residents are seeking removal of the trees.

3.4

CRM	Street	Suburb	Ward	Trees
425425	33 Seabright Avenue	Parafield Gardens	Para	1 x regulated <i>Eucalyptus sideroxylon</i>
430100	18 Otoma Street	Paralowie	Central	1 x regulated <i>Eucalyptus leucoxylon</i>
431103	3 Venlo Court	Salisbury Downs	Para	1 x <i>Eucalyptus intertexta</i>
417787	19, Forest Avenue	Paralowie	Central	3 x <i>Angophora costata</i>
426546	41 Firmin Street	Paralowie	Central	2 x regulated <i>Eucalyptus sideroxylon</i>
410502	17 Ascot Drive	Paralowie	Central	1 x significant <i>Eucalyptus leucoxylon</i>

- 3.5 The initial assessment for each appeal has identified that the trees are healthy, in good condition without any structural flaws and didn't meet City of Salisbury criteria for removal.
- 3.6 Where appropriate pruning or canopy reduction has been undertaken to help alleviate concerns raised and actively manage the trees.
- 3.7 Following notification of appeal, and where appropriate, site meetings were arranged given the history with the trees. Further information provided by residents was reviewed and the appeals are presented directly to the Urban Services Committee for recommendation to Council for consideration to progress the requests for removal via development applications.
- 3.8 **33 Seabright Avenue**

The tree is in good condition with no obvious structural defects, there is a history of resident complaints minor limb drops and nuisance leaf litter. A Development Application for removal is unlikely to be supported and will likely be refused.

3.9 *18 Ottoma Street Paralowie*

The tree is in good condition with no obvious structural defects, there is a history of resident complaints minor limb drops and sewer blockages. A Development Application for removal is unlikely to be supported and will likely be refused, pruning has been undertaken to manage the growth of the tree.

3.10 *3 Venlo Court Salisbury Downs*

The tree is in good condition with no obvious structural defects, there is a history of resident complaints minor limb drops and nuisance leaf litter. A Development Application for removal is unlikely to be supported and will likely be refused.

3.11 *19 Forest Avenue Paralowie*

The tree is in fair condition with no obvious structural defects, there is a history of resident complaints minor limb drops and nuisance leaf litter. A Development Application for removal is unlikely to be supported and will likely be refused.

3.12 *41 Firmin Street Paralowie*

The tree is in fair condition with no obvious structural defects, there is a history of resident complaints minor limb drops and nuisance water pooling as a result of kerb lift. A Development Application for removal is unlikely to be supported and will likely be refused.

3.1 17 Ascot Drive Paralowie

The tree is in fair condition with no obvious structural defects, there is a history of resident complaints related to minor limb drops, nuisance leaf litter and termite activity. Termites have been treated in the past and the structure of the tree was investigated, (refer attached termite report).

The tree divides at approximately 800mm high. A test drill was conducted below the union, drilled to 650mm and a small cavity was found at the center of the tree. Both trunks were also drilled above the union, no cavity was present. Termite activity appears confined to a small area for the trunk, which was subsequently treated with Termador.

Termites are considered part of the natural process for Eucalyptus species and are not detrimental to the health or structure of the tree. A Development Application for removal is unlikely to be supported and will likely be refused.

4. CONCLUSION / PROPOSAL

- 4.1 In accordance with the approved tree removal procedure, some decisions relating to the retention of trees have been appealed.
- 4.2 Site meetings have been completed and recommendations are made regarding the tree removal appeals and actions recorded.

HEADING

Tree Removal Requests - Monthly Update for May 2023

AUTHOR

Jamie Hosking, Team Leader Urban Built Assets, City Infrastructure

CITY PLAN LINKS

- 1.1 Our City is attractive and well maintained
- 4.1 Members of our community receive an exceptional experience when interacting with Council

SUMMARY

This monthly report provides Elected Members with updates on tree removal requests received from residents.

RECOMMENDATIONThat Council:

1. Notes the report.

ATTACHMENTS

This document should be read in conjunction with the following attachments:

1. Tree Removal Requests - May 2023

1. BACKGROUND

- 1.1 At its meeting held on Tuesday, 27 April 2021 Council resolved:

“That a standing report be established for every meeting of the Tree Management Appeals Sub Committee to inform Council of every application received for tree removal and the outcome of that request.”

Resolution Number 0916/2021

- 1.2 Staff currently upload a monthly tree removal request information table to the Elected Members Portal. This document has been adapted to provide further information and will now be reported to each meeting of the Environmental Sustainability and Trees Sub Committee.

2. CONSULTATION / COMMUNICATION

- 2.1 External
 - 2.1.1 Various relevant Residents

3. REPORT

- 3.1 The attached tables are a summary of requests for tree removals received and actioned by staff during the past months and have been provided on the Elected Member Portal for May 2023.
- 3.2 Ninety-eight (98) tree removal requests were received in May 2023. Of these requests sixty-two (62) were approved for removal including twelve (12) significant or regulated trees approved through development applications. Thirty-eight (38) requests were refused. Of these, eighteen (18) are related to significant or regulated trees under the *Planning Development and Infrastructure Act 2016*.
- 3.3 Tree removal requests often result in ongoing dialogue between the owner of the property and Council on the proposed tree removal and subsequent discussions around the species type and location of the new street tree.
- 3.4 It is important to note that through various annual programs Council plants 2,000 trees each year. These programs include Street Tree Renewal Program, In-fill Planting Program, Tree Screen Renewal Program, Reserve Upgrade Program, Feature Landscape Renewal Program, Greening Program, School Tree Planting Program, Major Projects and ad-hoc planting requests. These tree renewal programs are cognizant of regulated, significant trees or those forming habitat corridors.

4. CONCLUSION / PROPOSAL

- 4.1 It is proposed that the information contained in the report be noted.
