ITEM	ESATS2
	ENVIRONMENTAL SUSTAINABILITY AND TREES SUB COMMITTEE
DATE	12 February 2024
HEADING	Tree Removal Requests – November and December 2023
AUTHOR	Nigel John, Team Leader Parks & Landscape, City Infrastructure
CITY PLAN LINKS	1.1 Our City is attractive and well maintained 4.1 Members of our community receive an exceptional experience when interacting with Council
SUMMARY	This monthly report provides Elected Members with updates on tree removal requests received from residents.

RECOMMENDATIONThat Council:

1. Notes the report.

ATTACHMENTS

This document should be read in conjunction with the following attachments:

1. Tree Removal Requests - Summary November 2023
2. Tree Removal Requests - Summary December 2023

1. BACKGROUND

- 1.1 At its meeting held on Tuesday, 27 April 2021 Council resolved:

“That a standing report be established for every meeting of the Tree Management Appeals Sub Committee to inform Council of every application received for tree removal and the outcome of that request.”

Resolution Number 0916/2021

- 1.2 Staff currently upload a monthly tree removal request information table to the Elected Members Portal. This document has been adapted to provide further information and will now be reported to each meeting of the Environmental Sustainability and Trees Sub Committee.

2. EXTERNAL CONSULTATION / COMMUNICATION

- 2.1 Various residents.

3. DISCUSSION

- 3.1 The attached table is a summary of requests for tree removals received and actioned by staff during the past months and have been provided on the Elected Member Portal for November and December 2023.
- 3.2 November 2023
- 3.2.1 Seventy-four (74) tree removal requests were received in November 2023.
- 3.2.2 Of these requests, fifty (50) were approved for removal including Four (4) significant or regulated trees approved through development applications.
- 3.2.3 Twenty-four (24) requests were refused. Of these, fifteen (15) are related to significant or regulated trees under the *Planning Development and Infrastructure Act 2016*.
- 3.3 December 2023
- 3.3.1 Forty-seven (47) tree removal requests were received in December 2023.
- 3.3.2 Of these requests, thirty-two (32) were approved for removal including two (2) significant or regulated trees approved through development applications.
- 3.3.3 Fifteen (15) requests were refused. Of these, eight (8) are related to significant or regulated trees under the *Planning Development and Infrastructure Act 2016*.
- 3.4 Tree removal requests often result in ongoing dialogue between the owner of the property and Council on the proposed tree removal and subsequent discussions around the species type and location of the new street tree.
- 3.5 It is important to note that through various annual programs Council plants 2,000 trees each year. These programs include Street Tree Renewal Program, In-fill Planting Program, Tree Screen Renewal Program, Reserve Upgrade Program, Feature Landscape Renewal Program, Greening Program, School Tree Planting Program, Major Projects and ad-hoc planting requests. These tree renewal programs are cognisant of regulated, significant trees or those forming habitat corridors.

4. FINANCIAL OVERVIEW

- 4.1 The budget allocation for reactive tree removals for 2023/24 is \$363,000. As of the 29 January 2023, \$302,000 has been committed to tree removal works leaving \$61,000 budget allocation for the remainder of the financial year.
- 4.2 Additional budgets will be required based on current expenditure trends and hence a third quarter budget review is highly likely.

5. CONCLUSION / PROPOSAL

- 5.1 It is proposed that the information contained in the report be noted.
